# Smiling Dan III Sets Record at Palm Beach

## SPORTS The Los Angeles Times

TUESDAY MORNING, FEBRUARY 23, 1926.

# PAOLO SETS NEW RECORD TO WIN MIAMI RACE

## PETER DE PAOLO STARTS SPEED SEASON IN FRONT

The 1925 A.A.A. race champion got off to an auspicious start at Miami, Fla., yesterday by capturing the 300-mile motor classic in world-record time. As usual Smiling Dan had his mascot with him—a pair of his baby's shoes fastened to the steering gear of his machine.

## BOROTRA BOWS TO LACOSTE

Conqueror of Tilden Loses Indoor Net Title to Countryman After Five-Set Tennis Duel

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 22.—Rene La Coste of France today became the 1926 indoor singles champion by a triumph over his countryman, Jean Borotra, in a four-set struggle. The score was 15-12, 6-4, 2-6, 6-4. The match brought together two foreign stars as finalists in an American title tournament for the first time in tennis history.

The youthful rivals, who share No. 1 ranking in their homeland, battled through two hours and a half of spectacular stroking before the match was decided.

The title was lost last year by Borotra thus passed to France for the second successive year over a trail cut through the ranks of three outstanding American players—William T. Tilden, Vincent Richards and Francis T. Hunter. International tennis matches later this week are expected to indicate how much significance may be attached to this series of "upsets" as pointing to a possible passing of international net supremacy from America to France.

La Coste's victory followed a five-set contest of more than two hours for the doubles title, with the Olympic champions, Richards and Hunter, bowing to Tilden and the tall New York player, Fred Anderson, 3-6, 6-3, 6-4, 3-6, 12-10.

Thrill followed thrill in a match of brilliant shots, with Tilden's cannonball service and Richards' matchless volleying chief factors in the rival offensives, as the national outdoor champion and his partner rescued one title for America from the invaders. Borotra, paired with A. W. Asthalter, won the team crown a year ago.

## DETROIT SWIM CLUB COPS RELAY TITLE

(BY A. P. NIGHT WIRE)  
TAMPA (Fla.), Feb. 22.—The Detroit Yacht Club won the 300-yard Junior National A.A.U. relay championship race in the final program of the three-day water carnival held at Temple Terrace swimming pool.

The 200-yard breast stroke was won by Carl Milson of the Women's Swimming Association, New York, with Doris Dunham of the Detroit Yacht Club second. Time 3:11.

## LOYNES PILOTS CRAFT TO WIN

Hangs Up Unofficial World's Record in Race

Averages 40.85 Miles Per Hour in Florida

Gains Leg on New \$5500 Elgin Trophy Put Up

(BY A. P. NIGHT WIRE)  
PALM BEACH (Fla.), Feb. 22.—Smiling Dan III, owned and driven by Richard Loyne of Long Beach, Cal., won the Florida Elgin trophy, gained a leg on the new \$5500 Elgin trophy, and set an official and an unofficial world's record.

The unofficial world's record was made during the time trials for a straightaway mile. The present record is 40.85 miles per hour, made by Smiling Dan III last December 8 at Balboa Bay, California. The same boat today made the mile on her first trial in 40.85 miles per hour.

This record does not stand, however, because the rules stipulate that the boat must make six attempts at the mile distance. Due to yachts crowding the course, Loyne withdrew his boat after the initial attempt.

Smiling Dan won the fifth and last heat of the race, a hydroplane time trial, by covering the five-mile distance in 3m. 14s. In this heat Dan set the new record of 36.43 miles an hour, which is a world's record for this class unless competition.

The previous time under competition was 36.23 miles per hour held by Margaret II, owned by E. P. Smith and D. H. Conkling, West Palm Beach. The old record was made on July 1, 1925, at Burlington, Iowa.

Due to victory in this heat, Dan clinched the Elgin trophy set with a total of 800 points. This was the most the boat has won in the series, as she did not arrive in time to enter the first heat.

Miss Dora, owned by H. W. Willett, Mount Dora, Fla., was second with 886 points.

Miss Quincy III, winner of the first heat, owned by C. H. Padgett, Quincy, Ill., was third with 390 points, and driven by Otto Stoy, Rockville Center, Long Island, was fourth, with 195.

She also gained a leg on the new Elgin trophy, which is up for the first time. In order to retain her trophy this record must be unbroken in 1926.

The boat owned by J. L. Reeds of Detroit and driven by Mary Jane Reeds, 16 years of age, won first in the two-and-one-half-mile hydroplane race, her time being 4:22.

"Babe Mine," owned by Al Christie, Los Angeles, and driven by Miss Clara Heidelberg, West Palm Beach, was second with 4:38; "Miss Plutino," owned by H. E. Willett, Mount Dora, Fla., and driven by his wife, ran third in 4:41.

## DELANEY FINISHES ROJAS IN FOURTH

(EXCLUSIVE DISPATCH)  
PHILADELPHIA, Feb. 22.—Jack Delaney of Bridgeport, Ct., scored an easy win over Quentín Romero Rojas of Chile in the fourth round of the slated ten-round fight at the arena tonight.

A large holiday gathering witnessed the two California girls play. In a mixed doubles match, Miss Browne and Kenneth Hunter, Jacksonville, defeated Miss Ryan and J. Basil McGuire, local professionals, 6-4, 6-2. Miss Ryan and Miss Browne beat Mr. Hunter and John Doggett, Jacksonville, 6-1, 6-3, in another match.

## OREGON PLAYER ILL; COAST CAGE TITLE DATES DECIDED

(BY A. P. NIGHT WIRE)  
EUGENE (Or.), Feb. 22.—Illness of Algot "Swede" Westergaard, all-Coast guard of the University of Oregon basketball team, is causing some confusion as to the date for the California-Oregon series for the championship of the Pacific Coast. It became known here today. It is thought probable that the first two games will be played Friday and Saturday of this week in Oakland, said Graduate Manager Jack Bennett, of Oregon. If the third game is necessary to decide the series, it will probably be held Monday. The dates are not definite, however, Bennett said.

## Betty Pinkston Wins National Diving Title

Hubbard Hangs Up New Record in Sprint Race

(BY A. P. NIGHT WIRE)  
BOSTON, Feb. 22.—A world's record that has stood for eighteen years was broken in the seventh annual running of the American Legion track games here today when DeHart Hubbard, negro athlete, sprinted sixty-five yards in 6.4-ss.

The old mark was 7-ss. Hubbard, who is holder of the world's record in the broad jump, twice covered the distance in the new time, first in a preliminary heat and again in the final. His performance rounded out a strenuous day in which he won the 50-yard dash and finished second in a 50-yard low hurdles event.

Jimmy Connolly, veteran New York A.C. miler, captured the Massachusetts Legion mile. The Col. Gaston 500-yard run was won by Billy Nickliss of Boston College.

Three championships of the New England Association of the Amateur Athletic Union were decided. George Lermont, Boston A.A.U. national six-mile champion, won the New England two-mile title. Joseph Ingolsby of Boston College captured the 400-yard title. Al O'Neil, Harvard student, became 1000-yard champion.

## MORTIMER WINNER OF RACQUETS TOURNEY

(BY A. P. NIGHT WIRE)  
BOSTON, Feb. 22.—Stanley O. Mortimer of New York, won the national racquets championship on the courts of the Tennis and Racquet Club here today, defeating Clarence C. Pell of New York, holder of the title for the past six years, 10-15, 15-9, 6-15, 15-7.

## WACHSMUTH WINS MARATHON

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 22.—Running over slushy and slippery streets, Fred Wachsmuth, German-American distance star of the Millrose A.A., triumphed today over a field of fifty runners in the revival of the Brooklyn-Queens Marathon, held in conjunction with the indoor athletic meet of the Two Hundred and Forty-fifth Coast Artillery in the Thirtieth Regiment Armory.

Wachsmuth led all the way over the course of approximately twenty miles. The time was 3h. 52m. 11s. Twenty-five competitors, half the field, dropped out along the way.

## MISS WILLS COPS TROPHY

American Net Champion Wins Seventh Cup Since Playing on Riviera Tennis Courts

(BY CABLE AND ASSOCIATED PRESS)  
BEAULIEU (France), Feb. 22.—Miss Helen Wills of California, added another cup today to her collection, the second in two days and the seventh since she began play on the Riviera tennis courts. She and Charles S. Kingley of England, defeated Miss Ellen Bennett of England, and H. M. B. Fisher of New Zealand in the final of the mixed doubles, 6-4, 6-3. A short time previously Miss Wills and her partner defeated Mrs. Satterthwaite of England, and Bela Von Kehring of Hungary, 6-0, 6-2.

MONTE CARLO, Feb. 22.—The opening of the Monte Carlo tennis tournament today was marked by the return to the courts of Senorita Ella de Alvaros of Spain, after an absence of several months, and her victory over Miss Lucy Phillips of England, 6-3, 6-1.

The official handicapper and referee, George Simmond, has cup on Saturday in the women's seeded Senorita de Alvaros at the doubles with Miss Vlasto.

## HOW APPROPRIATE; WASHINGTON HANDICAP WON BY CHERRY TREE

(EXCLUSIVE DISPATCH)  
TIA JUANA RACETRACK, Feb. 22.—Cherry Tree, Baron Long's powerful stable star, quite appropriately took the lion's share of the \$3000 added money stake in the Washington Handicap, at a mile and seventy yards here today, beating out Dr. Clark by a length in a sensational stretch run.

Sunspero, La Brea stable entry, finished third.

Cherry Tree got off to a good start at the lifting of the barrier, but slipped back to last position at the quarter. Jockey Schaefer constantly bettered the position of the long runner and brought him up to second place at the head of the stretch, riding him out to win handsly. Dr. Clark took command at the quarter and raced to the lead until overtaken in the stretch.

## TOURNEY WON

BY THOMPSON

(BY A. P. NIGHT WIRE)

DEL MONTE, Feb. 22.—

The California Intercollegiate golf championship was won on the Pebble Beach links near here today by Harold Thompson of the University of California.

Southern Branch Thompson defeated Ward Edmonds of Stanford, 9 and 7, in the thirty-six hole final. Thompson's golf was called fine, but not quite as good as he did when he won his way into the semifinals of the California amateur championship last year.

## LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of \$5, \$10, and twenty of \$1 each. A list of the jokes showing the film, together with the names of the contributors, are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times coupon each week-day, and each of these contributors will receive a souvenir of acknowledgment.

Woman (watching pile driver): ply those poor men. They've been an hour trying to lift that thing out, every time they get it almost to the top, it falls back again.  
Mrs. W. Gilmore, R.F.D. 1, Covina.

Council (for the defense): What time was it when you were held up?  
Complainant: I don't know. Ask your client, he took my watch.  
"What is the principal part of speech?"  
"The conner."  
Mrs. Fogg, 917 St. Paul, City.

Employer: You understand double entry?  
Applicant: Sure, in my last position I kept triple entry. One set for the boss, showing the real profits; one for the shareholders, showing no profits, and one for the income tax people, showing a loss.  
H. Hansen, 1331 Sixty-first street, Maywood.

Conductor: Tickets, please.  
Country Girl (traveling for first time): Here's mine.  
Newsboy: Chewing gum?  
Girl: No, sir; I gave you my tickets, but you can't have my gum.  
F. Wasserman, Oxnard.

Hubby: But, dear, I have taken you over all the rough spots in life, haven't I?  
Wife: Yes, John. I don't believe you missed any of them.  
B. H. Paul, 648 West Fortieth Place, City.

"Do you think a girl should love before 30?"  
"No—that's too large an audience."  
Mrs. W. R. Teller, 1537 Sunset Boulevard, City.

8

you financially protected  
against unforeseen future  
happenings?

LEN are rich today—and bankrupt  
tomorrow!

Business conditions fluctuate—the  
markets rise and fall—a thousand  
things can happen that  
change the fortunes of an individual—  
for better or worse—in a  
month, a week—yes, even  
today!

Every man who has accumulated  
wealth or property, who is in business  
and earns a substantial salary, should  
immediately investigate the advantages  
of "living trust"—the modern barrier  
against misfortune. Do it today!

## JOHNS HOPKINS TO CUT STUDIES

Undergraduate Courses to be  
Abolished

Will Devote Whole Energy  
to Research

Plan Announced at Fiftieth  
Anniversary

(BY A. P. NIGHT WIRE)  
BALTIMORE (Md.) Feb. 22.—

Johns Hopkins University today  
celebrated its half-century anni-  
versary with an announcement of  
an impending return to its first  
principles of graduate instruction  
and research. The alma mater of  
Hawkins, the physicist, Raman,  
the chemist, Oer, the physician,  
Huxley, the mathematician, Morse,  
the classical scholar, Martin, the  
biologist, and Gildersleeve, the  
Greek, will abolish the purely  
undergraduate courses of the  
present curriculum and devote  
themselves to research and preparation  
for research.

When the vision of President  
Frank J. Goodnow and his board  
of trustees has been realized, Johns  
Hopkins will grant doctor of phi-  
losophy and master degrees only  
outside of its medical and engi-  
neering schools. No date has been  
set for the change. It is estimated  
that an additional endowment of  
at least \$5,000,000 will be required  
to put the plan into full effect and  
to enable the university to add to  
its faculty men of outstanding  
ability.

**HOPES EXCEEDED**  
Fifty years ago, when the uni-  
versity's first president, Daniel  
Coit Gilman, was elected, the uni-  
versity was determined to devote  
the resources of Johns Hopkins to  
graduate education and research—  
at that time regarded as a new  
and important venture in Ameri-  
can education. The results have  
exceeded the most optimistic hopes  
of fifty years ago, today's state-  
ment of the university's president,  
Dr. H. J. Harkness, showing that  
of the leading men of science in  
the United States showing that  
of the leading men of science in  
the United States showing that

The Johns Hopkins plan con-  
templated that the students  
will be attracted and selected as  
may possess the necessary mental  
endowment and equipment for re-  
search.

"More intensive training will be  
given such students, unhampered  
and unimpeded by the deadening  
weight of numbers.

**EFFICIENCY BASIS**  
"Requirements for the two de-  
grees to be granted, doctor of  
philosophy, which ordinarily re-  
quires four years of residence, and  
for master, which ordinarily re-  
quires three years of residence,  
will be based on efficiency and ac-  
complishment rather than on years  
of residence. Present medical  
school and engineering school de-  
grees will be continued, most of  
them being now on graduate basis.  
Unveiling of portraits and busts  
of living Hopkins men and faculty  
members was a feature of the an-  
niversary ceremony.

**WOMAN LOGICIAN**  
**WINS SIGNAL HONORS**  
(BY A. P. NIGHT WIRE)  
BALTIMORE (Md.) Feb. 22.—  
Honors won forty-four years ago  
today over the brow of Mrs.  
Christie Ladd-Franklin. The  
awarding of a Ph.D. degree to the  
woman credited with the crowning  
achievement in the field of logic since  
the days of Aristotle was a fea-  
ture of Johns Hopkins University's  
half-century anniversary celebra-  
tion.

Christine Ladd, now the wife of  
Dr. Fabian Franklin and a Colum-  
bia University lecturer, the second  
woman to be admitted to Johns  
Hopkins, was the first of her sex to  
complete the requirements for a  
degree. At that time—1882—Johns  
Hopkins graduate school did not  
award degrees to women.

Mrs. Ladd-Franklin developed  
the intuition, a rebuttal form in  
argument to an extent never be-  
fore achieved.

## Briton Seeks to Stop Americans Removing Houses

(BY CABLE AND ASSOCIATED PRESS)  
LONDON, Feb. 22.—An effort to  
prevent the growing practice of  
wealthy Americans purchasing his-  
toric buildings in England and  
transporting them piecemeal to the  
United States will be made in  
Parliament tomorrow. Sir Henry  
Steele proposes to introduce a  
bill prohibiting the transportation  
of such ancient structures.

One of the latest cases was Al-  
exander W. Wedell's purchase of  
Warwick Priory. There were some  
protests against this purchase at  
the time, but it was pointed out  
that the priory was largely destined  
to be demolished so that the stone  
and brick could be used in the  
construction of a factory.

The materials taken from War-  
wick Priory are to be used in a  
reproduction near Richmond, Va.,  
of Ruler's Manor, the English  
home of George Washington's an-  
cestors, and recently were taken  
to the United States.

## HALT SPANISH AIRMEN IN GOTHAM TRIP PLAN

(BY CABLE AND ASSOCIATED PRESS)  
MAR DEL PLATA (Argentina)  
Feb. 22.—Restrictive plans for an  
extension of the flight of the  
Spanish trans-Atlantic aviators  
which would have taken them to  
the west coast of South America  
and thence to New York, have been  
thwarted by the Spanish govern-  
ment, which has ordered the flyers  
to return to Spain.

## HAWAIIAN COMPANY NOT IN FOOD MERGER

(BY CABLE—EXCLUSIVE DISPATCH)  
HONOLULU (T.H.) Feb. 22.—  
A report that the Hawaiian Pine-  
apple Company, will be included in  
the gigantic food merger, which  
embraces the California Packing  
Corporation is denied in toto by  
Hawaii here. President James D.  
Dole says there is absolutely noth-  
ing to it. The Hawaiian Pine-  
apple Company is owned almost  
entirely by Hawaii stockholders, it  
is expected to continue as a "home  
company."

## CITES NEED OF MEXICAN LABOR

California Farm Leader Raps  
Restriction Plan

Tells of Impossibility of  
Hiring American Workers

Says Immigrant Ban Would  
Harm Agriculture

(BY A. P. NIGHT WIRE)  
SACRAMENTO, Feb. 22.—Efforts  
to halt the free movement of Mexi-  
can labor into the United States  
are undermining the foundations of  
California's agricultural prosperi-  
ty, says a statement issued here  
by Earle Houghton of Strathmore,  
president of the California Farm  
Bureau Federation.

Citing the fact that the number  
of American itinerant farm workers  
available in California averages  
less than 4000, as against an aver-  
age demand for more than 40,000  
workers in cotton fields and fruit  
orchards, Houghton invites the  
general public to consider the con-  
sequences of any severe restric-  
tion of Mexican immigration.

"California farmers and fruit  
growers do not employ Mexicans  
because they prefer them to Ameri-  
cans," he explains. "In fact, their  
appeals as they are futile. They  
employ Mexican labor because it  
is impossible for them to get any-  
thing but Mexican labor."

"The California farmer realizes  
that the presence of a large group  
of Mexicans has given rise to so-  
cial problems that cost the tax-  
payer money; that in some south-  
west counties a great share of the  
funds spent by public and private  
welfare agencies goes to help in-  
digent Mexican laborers."

"But it is also true that in Tu-  
lare county, for instance, where  
many Mexican laborers are em-  
ployed, the farmer pays 45 per  
cent of the county tax bill. The  
farmer's need for cheap labor has  
given rise to a welfare problem,  
but it is the farmer rather than  
the city dweller who is paying for  
the solution of that problem."

"With a continued steady supply  
of farm labor from Mexico, the  
California grower can continue to  
sell cheaply to the skilled worker  
of the city and buy the products  
of the city at a good price. But  
cut off the supply of farm labor  
and the farmer will have to stop  
buying. Whether he likes it or  
not, the prosperity of the city  
worker depends upon the pros-  
perity of the farmer, and the pros-  
perity of the California farmer de-  
pends upon an unfailing supply of  
cheap labor."

"Until some substitute can be  
found for the Mexican laborer, no  
doubt the field and orchard  
worker Americans refuse to touch,  
any tampering with the flow of  
farm labor across the Mexican bor-  
der is only rocking the boat of  
California industry."

"All the farmer asks in the mat-  
ter of Mexican immigration is that  
laborers at least be allowed to  
come across the border under con-  
ditions that will enable them to  
be returned to their Mexican  
homes at the end of the harvest  
season."

## STOP that Cold

do it now—do it well

When a cold starts, stop it quick-  
ly. The earlier you start, the sooner  
the cold will end. And all the re-  
sults will end with it.  
HILL'S stops a cold in 24 hours.  
It also opens bowels, ends the dis-  
comforts, tones the entire system.  
It is the best way known today.  
So efficient that millions have come  
to employ it. So superior to other  
methods that we paid \$1,000,000  
for it.

Begin these tablets at once, and  
watch how quickly all the cold ills  
end. You will be surprised and de-  
lighted. At your drug store.

Be Sure It's HILL'S Price 30c

**MOST EVERY MAN HAS  
HIS LAWYER, HIS DOCTOR,  
HIS BUTCHER, HIS BARBER  
AND HIS MACHINIST. BUT WHY IS IT  
SO FEW MEN HAVE  
THEIR TAILOR?**

We would like to do business  
with the man that is looking for a  
firm that he can and will call his  
tailor. We will do our part to make  
you a suit that will satisfy you in  
every way and when you wear one  
of Tucker & Charleson's suits, not  
only will you be a real booster for  
us, but you'll come back for more  
clothes. Your future order means  
a lot to Tucker & Charleson.

There's no advertisement for us in  
making you just one suit. Any  
tailor can do that well but it takes  
a firm with a real heart and a soul  
to get your confidence. We have  
found by experience that every man  
that is satisfied in quality, fit and  
workmanship, he can and will send  
in from two to three customers to  
us every year. That's just why  
Tucker & Charleson sales are in-  
creasing every day. We are en-  
larging our shop all the time. Five  
years ago we started with ten  
tailors working for us. But today  
we have one hundred and twenty-  
eight tailors working for us steady  
the year around. They are con-  
tented tailors. They give us their  
heart and soul in every suit we  
make for you. That helps to make  
Tucker & Charleson's clothes wear  
two to three years, and they al-  
ways hold that good looking ap-  
pearance. Clothes that are made  
by tailors who are paid day labor  
are much better than contract  
work. It's just the same as the  
house being built by day labor.

We guarantee our garments all  
hand-made and real high class  
workmanship. Just as good as any  
\$65 value.

us that a large stock of woollens was to be sold in a lump sum for real  
cash only; goods that had never been unpacked from the mill. We  
talked the matter over; went and consulted a very close friend of  
ours, one of the best known woolen men this country has ever known;  
a man that is an expert on woollens. We arranged with him to make  
a special trip to New York to look this merchandise over for us; see  
if they were what the agent claimed them to be; if so, he was there  
with the cash in his jeans—and the deal was closed—which we con-  
sider is one of the best buys Tucker & Charleson has ever made on  
real high grade woollens. Now that they are coming in on us in truck  
loads it is up to us to tailor them into suits and let the man that  
wears one of our guaranteed \$60 values do the rest for us. We have  
always put out extra good values. Five years ago we started out to  
give quality to get the volume. Friends, true as we are here, here's  
quality that you or no other man has ever seen in this city or in any  
other city for our price, \$35.00, regardless of what they were—  
whether it was a ready-made suit or whether it was a tailor-made suit.  
Remember, our quality from A to Z will outwear two ordinary suits,  
and will look just as well as any \$65 value. They are a quality of  
woollens that tailors who work on a legitimate profit would charge at  
least \$75 for a suit. They are double twisted silk and wool worsted  
that the average tailor considers would wear a man too long, but we  
believe in putting out a quality of merchandise that will last a man at  
least two years. We have been told by a lot of our customers that  
our clothes wear them too long. It's nothing for us. Every day we  
see old customers coming in wearing our suits that we made for them  
in 1920, and they still look good. Our coat fronts never break and  
there's one sure thing—you will not be bothered with the hair com-  
ing out of our coats. We use pure Belgium linen canvas, and they  
are sewed and made with real silk thread. Remember, Tucker &  
Charleson quality of tailoring, Tucker & Charleson quality of wor-  
sted woollens and the kind of linings we use. You will not need two  
pants with our \$35.00 suits. Before the suit of one pants has worn  
out you'll be good and ready for a new suit. Positively the best in  
Los Angeles at our price.

**IT HAS ALWAYS BEEN  
THE POLICY OF THE  
CHARLESON FAMILY  
FROM GENERATION TO  
GENERATION—  
PREACHED TO ME FROM  
A CHILD UP.**

There's only one way to do busi-  
ness to make friends in your work,  
and life is too short for me to  
start any different now. I take a  
man's word once, if he tells me I  
am through for good. A man's  
word of honor means more to me  
than all his money. I have al-  
ways made it a rule to give a man  
just what I promise him. If it takes  
the last dollar I have, I would no  
more think of breaking my word  
with you than I would think of  
picking your pockets. I can say  
and will promise to give you per-  
sonal service to the utmost. If you  
paid \$150 for your clothes, our  
service will equal to all at any  
price, and it will always continue  
to be as good as long as I am con-  
nected with the firm of Tucker &  
Charleson. If I do give it myself  
we positively have the largest per-  
sonal following of any merchant  
tailoring concern this side of the  
Rocky Mountains. Our books are  
open for your inspection. If you  
doubt my word. When I do busi-  
ness with a man I am going to  
make a real friend as well as a  
customer of him. Just give me the  
friends, the other fellow can have  
the money. When you come into  
this institution you are dealing  
with Tucker & Charleson. We are  
always on the job from the time  
the doors open in the morning un-  
til the doors close at night. We  
never turn you over to assistants.  
We give you personal and indi-  
vidual attention at all times.

## MIDDLE WEST NEWS IN BRIEF

[EXCLUSIVE DISPATCH]

LOUISVILLE, Feb. 22.—Claude Hittason, 64 years of age, native New Albany, former Sheriff and now treasurer of Floyd county prominent in Masonic circles, ty-nine acres of land owned by the Prairie Club of Chicago, needed for the Dunes park, if the club does not accept the proposition offered by Indiana for the tract. The State has offered the club the equivalent of \$40,000 for the land.

found dead in bed by his wife. Sittason had been seriously ill a week at his home, 318 East Ninth street, New Albany, and

Dr. E. Y. Johnson, 82, tubercular specialist and for thirty years general practitioner here, died this morning at 11:15. His blood was the wife of Schuyler Miller, father of the two men, by a second marriage. When the father died he left the greater part of his estate to his wife, who died last fall and willed her property to her late

Death was caused by pneumonia. The Fidelity and Columbia Trust company was appointed by Judge

the Fox of the County Court to administer the estate of J. W. E. Fox, insurance agent, who died last July, whose last will and testament was made on the appointment was made on behalf of Attorney A. G. Barrett, who represents the widow, Mrs. Sue S. Fox. The estate is estimated at \$10,000.

**MINNEAPOLIS.** Feb. 28.—An estate of \$25,000, formerly of Albert Kenyon, former Minneapolis real-estate man, who died November 12, 1925, in Los Angeles, according to a petition for administration filed in Probate Court. The

Mr. and Mrs. Lewis C. Stebbins of the Commodore Hotel have left for Los Angeles for a six weeks visit.

Mrs. Wm. T. Towle, her son George and daughter Mary, 65 Fairmount avenue, have left for Los Angeles, where they will spend the winter.

**MILWAUKEE** (Wm.) Feb. 22.—Arrests of several Illinois rum runners are expected this week following the discovery of a large distillery in the former betting-house.

and Bluff was set in one day. In the next twenty-two new cases of diphtheria were reported to city health authorities. This brings the total for the month to ninety-six. William P. Foote, 85 years of age, who died from 1893 until 1906 of pneumonia, was buried in the front of the building.

plans are being considered for forming a searching party to explore an old cave located in the North-Western Railroad at Fremont, in Nevada. It was one of the twelve survivors of McPherson Post, G.A. Surviving him are his widow and two daughters.

Nearly 2,000,000 in fines have been collected from liquor-law violators in the State since the Sec-

but five miles from the Missouri River northwest of Verdon on the Shavaford. The cave is about a quarter of a mile from the river and at the end of a long road. Reports say that formations, stalactites and other lime formations are found within it.

# A STUPENDOUS MERCHANDISE EVENT

\$100,000 STOCK OF HART FURNITURE CO.

## TO BE SACRIFICED!

1035  
So.  
Grand  
Ave.

POSITIVELY THE MOST DRASTIC FURNITURE SELLING EVENT IN THE HISTORY OF LOS ANGELES. AN OPPORTUNITY TO BUY THE BEST GRADES OF FURNITURE, FLOOR COVERINGS, LAMPS, STOVES, ART GOODS, ETC., THAT THE MARKETS OF THE COUNTRY PRODUCE AT TERRIFIC SACRIFICE IN PRICES.

### PROFITS THROWN TO THE BUYING PUBLIC

Three Floors of Brand New Furniture and House Furnishings to Be Thrown on the Market and Sold at Prices That Are in Many Instances a Mere Fraction of Their Worth.

### WE MUST REDUCE THIS STOCK ONE THIRD IN THE SHORTEST POSSIBLE TIME REGARDLESS OF COST OR LOSS

TREMENDOUS REDUCTIONS IN SLIGHTLY USED FURNITURE IN OUR BASEMENT

#### PLEASE BEAR IN MIND

That we are not offering merely a few broken lines or odd pieces or lines that we wish to dispose of, but we are making an honest, whole-souled offering of our entire stock at uniformly low prices.

#### CASH or TERMS

Very liberal credit terms extended to you during this big sale.

#### A STATEMENT TO THE PUBLIC THE REASON FOR THIS EXTRAORDINARY EVENT

A sale of this character and magnitude will no doubt be a great surprise to my many friends and customers, but the story is this: When I moved into this big and beautiful new store from the old stand on Figueroa Street I went east and combed the furniture marts of the country for the most exclusive and finest furniture produced in the leading factories. I made the same mistake that many other merchants have made, bought too much merchandise, and have today on my floor nearly twice as much stock as the business warrants, stock that should already have been sold. It has resolved itself into a case of must sell regardless of the loss. It is this same brand new high grade stock that I am now placing on sale without limit or reserve. I realize that low price is the mighty power that can and will turn this mountain of furniture into cash, and I assure you upon my reputation that I have gone the limit. The sensational prices quoted below tell the story. Prices are cut unmercifully throughout the store without any restrictions.

### SALE OPENS TUESDAY, FEB. 23, AT 9 A.M.

AND CONTINUES UNTIL WE REDUCE THIS MAMMOTH STOCK AT LEAST ONE-THIRD

WE ARE A FEW PRICES TAKEN AT RANDOM--TO GIVE AN IDEA OF THE TERRIFIC PRICE SLASHING THIS STOCK WILL UNDERGO

## OFFICERS FAIL TO FIND JEWELS

Chicago Woman Robbed in Pasadena

Second Loss of Same Kind in Less Than a Year

Thief Enters Room While Victim is Asleep

By a "Times" Staff Correspondent

PASADENA, Feb. 22.—In the absence of any tangible clue to the identity of the thief who robbed Mrs. Edward C. Crockett of \$46,950 worth of jewels at 210 Orange Grove avenue early yesterday morning, detectives are today broadcasting warnings to police of other cities to search pawnshops for traces of the gems.

The jewels, virtual duplicates of those stolen from Mrs. Crockett several months ago at Cape Cod, Mass., were taken from her dresser while she slept only a few feet away. Mrs. Crockett, 41 years of age, and her husband, Mr. and Mrs. James A. Rankin, were sleeping in the house, but heard no noise, and the burglar escaped without disturbing the servants or leaving any clues.

Mrs. Crockett, whose husband, now in Portland, Ore., on business, is a prominent Chicago lumberman, believes that she must have been followed from the Ambassador Hotel when she left there with a party of friends Saturday night. She reached home at 1 o'clock, placed the jewels on her dresser, went to bed, and discovered the robbery when she awoke at 3:30 in the morning.

Police believe that the thief entered the house through a back door by using a pass-key. All the servants have been in the employ of the family for many years, and are not under suspicion, according to the detectives investigating the case.

Mrs. Crockett attended the dinner party at the Ambassador Saturday night with Mr. and Mrs. E. Crawford May of 525 South Orange Grove avenue, leaving the hotel about 11 o'clock and stopping at the May home before returning to the home of her parents, the Rankins. The families are all socially prominent.

**Bakersfield is Entertained by Great Air Meet**

(LOCAL CORRESPONDENCE) BAKERSFIELD, Feb. 22.—Ten thousand persons today celebrated Washington's Birthday in Bakersfield by attending a great air meet at the new airport here. Forty-three planes were used in the meet. Some of the most noted army aviators in the country participated.

Flying in the first event on the program were squadrons of planes from the air base at San Francisco, Los Angeles and San Diego. Buntis in which Lt. A. C. Miller, U.S.N., put his fast single-seater through every aerial combat tactic known was scheduled to follow second on the program.

Other half-raising features of the air meet included the bombing of a hypothetical city by four simulated Marine Corps ships, a mimic aerial combat by pursuit planes of the Navy and Marine Corps and a duel by two stunt planes.

Following the air meet the United States Navy planes took off of the county and city on aerial trips over Bakersfield.

**TO HOLD AUTOPSY**

Doctors to Determine Cause of Death at Pasadena

By a "Times" Staff Correspondent

PASADENA, Feb. 22.—An autopsy will be performed tomorrow morning to determine the cause of the death of William B. Cooper, 65 years of age, who died yesterday afternoon in the emergency hospital here, supposedly from the effects of drinking "canned heat." A coroner's inquest will follow the autopsy.

Edwin C. Amesbury, who says he was employed by Cooper as his butler, is being held by the police pending the outcome of the inquest. Amesbury says he left his former employer in Central Park Sunday morning, where he was found by the police. Cooper died shortly after reaching the emergency hospital.

**WOMEN COLLECTING CLUBHOUSE FUND**

(LOCAL CORRESPONDENCE) LANKERSHIM, Feb. 22.—Those who are at the head of the Lankershim Woman's Club collecting funds for the new clubhouse report that \$4500 has been pledged to date, with many more prospects to be secured.

The new clubhouse, which is being sought, the site for the club already having been donated by one of Lankershim's pioneer property owners. Women members here are eager to start the collection of the clubhouse. Since the Lankershim is the only town in San Fernando Valley without some character of clubhouse. Since the Lankershim is the only town in San Fernando Valley without some character of clubhouse.

**TO ENLARGE SERVICE**

(LOCAL CORRESPONDENCE) BELL, Feb. 22.—The new Bell station of the Union Pacific Railroad Company will be officially opened with a celebration on Thursday of this week. W. F. Cropper, in charge of the station, has announced that within the next two or three weeks an express department will be installed at the station. This will give passenger service and freight service at the station. There has already been a Western Union wire service installed with an average of ten telegrams sent from the station daily.

## STARTS CAREER LATE IN LIFE

Elderly Woman Makes Long Flight in Modern Aircraft

(EXCLUSIVE DISPATCH) BAKERSFIELD, Feb. 22.—Mrs. Laura Calahan, 41 years of age, of Hanford, flew in to Bakersfield Airport today in her son's biplane and lays a just claim to being the oldest woman participating in the Washington's Birthday day air meet.

"Just as safe, if not more so, as an automobile," was her remark to the crowd of onlookers that thronged about the graceful little "ship."

Though the "oldest" and only aviator among some two score pilots, Mrs. Calahan needed little assistance from Gilles Calahan, her son, in climbing from her passenger's cockpit.

"And just think," she said, turning to a friend, "my son has offered to take me east in his plane on a vacation trip."

Mrs. Calahan, whose husband, now in Portland, Ore., on business, is a prominent Chicago lumberman, believes that she must have been followed from the Ambassador Hotel when she left there with a party of friends Saturday night. She reached home at 1 o'clock, placed the jewels on her dresser, went to bed, and discovered the robbery when she awoke at 3:30 in the morning.

Police believe that the thief entered the house through a back door by using a pass-key. All the servants have been in the employ of the family for many years, and are not under suspicion, according to the detectives investigating the case.

Mrs. Crockett attended the dinner party at the Ambassador Saturday night with Mr. and Mrs. E. Crawford May of 525 South Orange Grove avenue, leaving the hotel about 11 o'clock and stopping at the May home before returning to the home of her parents, the Rankins. The families are all socially prominent.

Flying in the first event on the program were squadrons of planes from the air base at San Francisco, Los Angeles and San Diego. Buntis in which Lt. A. C. Miller, U.S.N., put his fast single-seater through every aerial combat tactic known was scheduled to follow second on the program.

Other half-raising features of the air meet included the bombing of a hypothetical city by four simulated Marine Corps ships, a mimic aerial combat by pursuit planes of the Navy and Marine Corps and a duel by two stunt planes.

Following the air meet the United States Navy planes took off of the county and city on aerial trips over Bakersfield.

**TO HOLD AUTOPSY**

Doctors to Determine Cause of Death at Pasadena

By a "Times" Staff Correspondent

PASADENA, Feb. 22.—An autopsy will be performed tomorrow morning to determine the cause of the death of William B. Cooper, 65 years of age, who died yesterday afternoon in the emergency hospital here, supposedly from the effects of drinking "canned heat." A coroner's inquest will follow the autopsy.

Edwin C. Amesbury, who says he was employed by Cooper as his butler, is being held by the police pending the outcome of the inquest. Amesbury says he left his former employer in Central Park Sunday morning, where he was found by the police. Cooper died shortly after reaching the emergency hospital.

**WOMEN COLLECTING CLUBHOUSE FUND**

(LOCAL CORRESPONDENCE) LANKERSHIM, Feb. 22.—Those who are at the head of the Lankershim Woman's Club collecting funds for the new clubhouse report that \$4500 has been pledged to date, with many more prospects to be secured.

The new clubhouse, which is being sought, the site for the club already having been donated by one of Lankershim's pioneer property owners. Women members here are eager to start the collection of the clubhouse. Since the Lankershim is the only town in San Fernando Valley without some character of clubhouse. Since the Lankershim is the only town in San Fernando Valley without some character of clubhouse.

TO ENLARGE SERVICE

(LOCAL CORRESPONDENCE) BELL, Feb. 22.—The new Bell station of the Union Pacific Railroad Company will be officially opened with a celebration on Thursday of this week. W. F. Cropper, in charge of the station, has announced that within the next two or three weeks an express department will be installed at the station. This will give passenger service and freight service at the station. There has already been a Western Union wire service installed with an average of ten telegrams sent from the station daily.

**THROUGHS AT ORANGE SHOW**

Uncle John With Talent from KHJ Proves Big Attraction at Exhibition

(EXCLUSIVE DISPATCH) SAN BERNARDINO, Feb. 22.—Southern California today continued to pay tribute at the Orange show to the State's greatest industry and \$50,000 more visitors saw the Sixteenth National Orange Show.

Although lacking by 22,000 in reaching Sunday's mark, the attendance today set a new record for week-day crowds. Tonight the attendance for the show had reached the 125,000 mark, a new page in Orange Show history.

It was Riverside and San Diego county day at the show. The California Real Estate Association and Lions' clubs of the Southland held one-day conventions at the show, supplementing the throngs of visitors. President of the real estate brokers' association spoke at the conference.

In the afternoon, and evening "Uncle John," manager of the Los Angeles Times radio broadcasting station, and his kiddies staged two of the children's hour programs from the main stage in the exposition grounds.

Tomorrow is Canadian tourists' day and San Gabriel Valley day. The Rt. Hon. John A. Bell, Premier of Canada, will be one of the guests of the real estate brokers' association at the conference.

Jeans, the younger of the brothers, both of whom came to the United States from Mexico a few years ago, took the blame for the forgery, saying that his brother, who speaks little English, knew nothing of any illegal transactions.

The firm is believed to have been operating for the past six months, \$25,000 having been circulated during January. It was the unusual size of these checks, sales in so small a city as Oxnard, that aroused the suspicion of the finance company, who placed investigators at work on the case.

After several hours of grilling Jesus admitted his complicity in the forgery. He said he had been paid \$10,000 by the firm to forge the checks. He said he had been paid \$10,000 by the firm to forge the checks.

**CONFESS TO LARGE SUM FORGERIES**

Oxnard Furniture Dealers Held for Circulating More Than \$70,000 Bad Paper

(EXCLUSIVE DISPATCH) VENTURA, Feb. 22.—Jesus and Jose Jimenez, proprietors of Jimenez Brothers furniture store in Oxnard, were placed under arrest last night by Sheriff Robert E. Clark, to face charges of forgery, growing out of their alteration of contracts, and writing of fictitious paper which was sold to finance companies.

Jesus, the younger of the brothers, both of whom came to the United States from Mexico a few years ago, took the blame for the forgery, saying that his brother, who speaks little English, knew nothing of any illegal transactions.

**MAN'S BODY FOUND WITH THROAT CUT**

Washes Ashore Near Pier; Conductor Believed to Have Taken Own Life

By a "Times" Staff Correspondent

LONG BEACH, Feb. 22.—The body of J. W. Long, 44 years of age, with his throat slashed, was washed ashore on the beach near the Belmont Pier late today. It was found by Van White, a grocer on the pier, and police concluded, after an investigation, that the man had taken his own life from the pier after cutting his throat with a razor.

Long was formerly a railroad conductor. He lived in a rooming house at 110 American avenue, which he had taken from the pier after cutting his throat with a razor.

## INJURED IN FLIGHT FROM BORDERLAND

Japanese Falls from Fast Flying Car Fired Upon by Immigration Officers

(EXCLUSIVE DISPATCH) REDLANDS, Feb. 22.—A moaning unconscious Japanese lies in a white bed in the hospital in Redlands today, the victim of an attempt to smuggle several Japanese and some Hindus through the border patrol of immigration officers. The Japanese were thrown from the border runners' car when three inspectors were shooting at it on the road between here and Yreka early this morning. He was picked up with a fractured skull, but it is thought he will recover.

Inspectors Peterson, Springer and Warner were on duty about 4 o'clock this morning on the road which is largely used in attempts to smuggle aliens. When they ordered the car, driven by a Mexican, to stop, the driver sped up and passed the officers at a high speed. They immediately opened fire and put many bullet holes in the body of the car, but could not hit the driver. As they were shooting they saw a dark form hurtle out of the car and fall to the roadside.

When they reached the bundle they found it was a Japanese unconscious from the fall. He was hurried to the hospital here. It is understood several cars with Japanese and Hindus had been found the lines too tight last night and were forced to turn back into Mexico.

**Hatchet Fails to End Life of Fresno Woman**

(EXCLUSIVE DISPATCH) FRESNO, Feb. 22.—Although she was struck four times on the head by a hatchet in the hands of her husband, George Deokelman today, Mrs. Deokelman escaped serious injury, through the interference of neighbors, who heard her cries for assistance.

According to her story to the police, Mrs. Deokelman was sitting at the breakfast table drinking tea when her husband, without warning, attacked her with the hatchet, striking her three times on the head. Dazed, the woman ran from the house screaming for help. The husband pursued her and at the side of the house struck her again before a relative and a neighbor overpowered him and held him until the police arrived.

"I hope I killed her," was the only comment Deokelman would make in any but the Armenian language after he was placed under arrest.

The woman was not seriously injured, attending physicians said.

**"DOKIES" CELEBRATE**

Prithian Order Has Ceremonial at Hanford

(EXCLUSIVE DISPATCH) HANFORD, Feb. 22.—Fur-faced members of the D.O.K.K. order arrived in this city by hundreds today to attend the annual ceremonial of the Prithian Temple of Fresno. Members were present from all the temples from Chico as far as San Diego. The noon parade was brilliant with the uniforms of the "Dokies" and their leaders. The parade was followed by a drill team of the latter organization leading the parade, followed by the drill team of Alkali Valley Temple.

A dozen candidates for membership in the Prithian Temple were apparently happy, wheeled bar carriages or lawn mowers and rode the goat or mule. The ceremonial took place in the afternoon followed by a chicken dinner and dance.

**HUNDREDS OF GALLONS OF MASH CONFISCATED**

(LOCAL CORRESPONDENCE) VAN NUYS, Feb. 22.—An antiseptic liquor raid made by the valley division of police today, Antonio Martino was arrested at his home place on East Sherman Way. The raid resulted in the seizure of 400 gallons of mash, two and a half gallons of liquor and 4600 gallons of mash in barrels.

The mash was found in the garage of Martino, who was arrested. In his room-up, led by Capt. L. L. Oakley of the valley division, Sergeant Dowling and Officers Mitchell and Hamrick of the valley vice squad. The police state that Martino only recently started his still and had not made any great amount of liquor. He was taken to Van Nuys Police Station where he will be conveyed to Los Angeles for a hearing on the three charges under which he is being held.

**HUNS FOR SENATE**

(EXCLUSIVE DISPATCH) FRESNO, Feb. 22.—Announcement that Sherwood Green, former District Attorney of Modesto county and prominent agriculturist, will be a candidate for the State Senate from the Tenth District, was made here today.

Green will seek the Senatorial top of J. L. Bennett of Modesto, who is not expected to be a candidate. While no other candidates have been announced, it is currently rumored that Mayor Sol Elias of Modesto, former Superior Judge W. M. Conley of Modesto and Assemblyman E. G. Adams of Livingston will be candidates.

**SCHOOL SITE BOUGHT**

(LOCAL CORRESPONDENCE) REDLANDS, Feb. 22.—The site for the long-promised Runnymede school has been bought by the Los Angeles School Board. The site is on Tokopa avenue between Collins and Hattara streets. It has been purchased for \$10,000 from Everett D. Grant. The site is a part of the fifty-three-acre subdivision that was started by J. H. Grant and which is now being marketed by Charles Koble for Grant, the present owner.

Miss Gwen Lee Motion-picture actress displays coat offered as prize at industrial fur and rabbit show.

## ELECTION ENDS LONG ARGUMENT

Vote Indicate Choice of Site for Proposed School Building

(EXCLUSIVE DISPATCH) ANAHEIM, Feb. 22.—Bringing to an end a long and bitter struggle, which, at times, has come near impairing friendships of long standing, Brea and Olinda schools have agreed upon a site for the new high school in the recently organized Brea-Olinda school district. The last ballot was counted at the Brea polling place late Saturday night. The Birch street site won by a majority of 180 votes as the location on which to erect the new school. The total vote was 1035.

Actuated by a desire for a community center of this nature, Brea some months ago, became imbued with the idea of forming a high school district independent of the Fullerton district and of having a high school of its own. Later, realizing that the project was too big a thing for Brea to finance alone, La Habra was approached on the subject, but that district did not take kindly to the movement and decided to remain with Fullerton. Olinda was then invited to join forces with Brea and did so principally because of the assurance given by soliciting committees from the latter town that if the plan worked out the new school would be built on the newly selected site on East Birch street, a paved highway which leads directly from Brea to Olinda.

Following this, funds to the amount of \$320,000 were voted. A point in the State law, however, made it necessary for the unanimous support of the board in selecting a site for the erection of school buildings. Four members of the board, its president, A. H. Brown and H. E. Becker, both of Brea, and George Cullen and H. R. Williams, of Olinda, held out for the original site, while W. D. Shaw, the remaining member of the board, refused to consider it and proposed instead what has been termed as the Hamlet site, a tract of land owned by Blanchard and Sons, which was in agreement in the board was impossible. The matter was submitted to a vote.

**SCHOOL ELECTION**

(LOCAL CORRESPONDENCE) SANTA ANA, Feb. 22.—Arrangements for holding the annual election of school trustees in Orange County High School and elementary school districts Friday, February 26, were made today by County Superintendent H. P. Mitchell.

The election, which is prescribed by law, will be held in every district in the county, except the Santa Ana High School and elementary district, which is organized as a city school district, comes under a different classification.

**A truck  
like men have never seen before**

# BIG BRUTE—General Motors' Contribution to American Industry; A Colossus Among The Giants of Modern Transportation

1,000 of the world's foremost automotive engineers are represented in General Motors newest transportation achievement . . . Big Brute, a truck such as the industrial world has never before known.

The automotive experience of some 25 years stands behind it.

Over \$500,000,000 in assets backs it.

What the gigantic General Motors Corporation has learned in the manufacture of more than 4,849,485 passenger and commercial cars, representing *Billions of Dollars* in sales to a satisfied public, is embodied in mechanical, structural and operating features far beyond the achievements of today in motor truck transportation. *More than 71% of all General Motors vehicles ever produced, are still in constant and active use.*

Big Brute lives up to its name. There is no truck fairly comparable to it in the world today. It is a mechanical brute. A brute to stand, with a smile, the most brutal requirements of men and industry.

Instantly you see it, you recognize it for what it is . . . a colossus among Giants; a mechanism to achieve economies, power and endurance in heavy duty transportation surpassing all previous conceptions of men.

It is literally, probably and unquestionably a motor truck without "bugs."

The motor trucks of the entire world were studied in developing this amazing industrial vehicle. Their weaknesses, through the last ten years—the experimental years in truck transportation—were weighed and analyzed. Countless millions of miles of service records were taken into count.

Then one by one, those weaknesses were corrected. Engineering mistakes were overcome. Found strengths were fortified. Economies were developed. Then, Big Brute conceived, perfected and put to the most brutal

tests to which a man made achievement could be subjected . . . tests to level an ordinary mechanism.

From every detail, from tremendous material strength to the world's supreme engineering; from the Fisher Built cab that provides driver's comfort unknown before, to operating ease comparable only to the most tractable pleasure vehicle, to double transmission multiplying tractive power . . . Big Brute stands to change the industrial motor transportation of the world.

It must be considered first in considering fleets of trucks where the impossible must be achieved, day by day, without pause or interruption; where economical operation is paramount, where re-sale value is positive and certain . . . and where the finest modern motor engineering and manufacture alone will satisfy.

Big Brute is an institution . . . the contribution of a great industry to all industry.

***Sold Under GMAC Plan***

Big Brute, like other products of the General Motors Corporation, is offered under the liberal General Motors Acceptance Corporation Plan of deferred payments—the lowest cost under which any motor car or truck can be financed on time payments.

## OUR HISTORY IN PICTURES

340

## The Abolitionists.

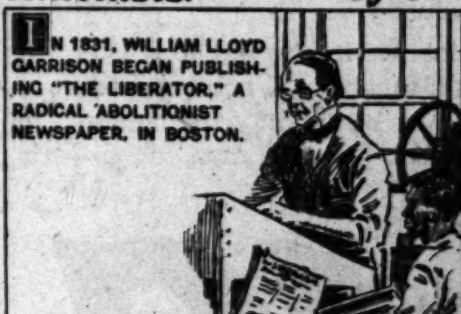

by J. CARROLL MANSFIELD

IN THE NORTHERN STATES THERE WAS A GREAT MANY PEOPLE WHO WERE OPPOSED TO SLAVERY. BENJAMIN LUNDY, A NEW JERSEY QUAKER, WAS THE FIRST TO ORGANIZE THIS SENTIMENT INTO A STRONG, UNITED MOVEMENT FOR THE ABOLITION OF SLAVERY. LUNDY URGED THE GRADUAL EMANCIPATION OF THE NEGROES AND THE ESTABLISHMENT OF COLONIES FOR THE LIBERATED ONES.

THE COLONIZATION IDEA HAD BEEN TRIED BEFORE BUT PROVED A FAILURE. IN 1816 A SOCIETY WAS FORMED IN THE SOUTH FOR THE COLONIZATION OF FREE NEGROES. THIS SOCIETY ESTABLISHED LIBERIA ON THE COAST OF AFRICA AND SPENT NEARLY \$2,000,000 FROM 1820 TO 1860, BUT SUCCEEDED IN SENDING OUT BUT 10,500 NEGROES—LESS THAN THE COLORED BIRTH RATE FOR ONE MONTH.

IN 1831, WILLIAM LLOYD GARRISON BEGAN PUBLISHING "THE LIBERATOR," A RADICAL ABOLITIONIST NEWSPAPER, IN BOSTON.

CONVINCED THAT SLAVERY WAS A SIN, GARRISON ADVOCATED IMMEDIATE AND COMPLETE EMANCIPATION OF THE SLAVES, REGARDLESS OF THE PROPERTY RIGHTS OF THE SLAVEOWNERS. © McClure Newspaper Syndicate

## BEIGN LIENS HADILY TAKEN

Believes Investor  
Faith in Germany

Recovery in European  
Countries Certain

Prosperity Here  
Throughout Year

The American investor is exceedingly optimistic regarding the recovery of European countries to normalcy is evident in the ready reception given to the report of the recovery of the German economy. The board of directors of the American Investment Company, which is the only original investment house in the United States, recently from a tour of Europe, returned with a report that the recovery of European countries is a matter of time and that the American investor will be able to secure a return on his investment in a few years.

The recent World War has been a great calamity for the world, but it has also been a great opportunity for the American investor. The war has created a great demand for American goods and services, and the American investor is in a position to supply this demand. The American investor is in a position to secure a return on his investment in a few years.

## STOCK HOLDINGS REDUCED

Proponent of Investment Theory Shifts Market Position; Trust Makes Annual Report

BY EARLE R. CROWE

How theories work in practice is well demonstrated in the annual statement of the Investment Managers' Company, an investment trust of which Edgar L. Smith is president. Mr. Smith is the author of "Common Stocks as Long-Term Investments," a text which attempts to show that common stocks are superior to other securities over a long period of time. In his report to certificate holders covering the first year of the Investment Managers' Company, the student of the investment market will find some interesting material.

Apparently, between May and December, the executives of the company did an about-face in their market position as far as common stocks are concerned. On May 21, last, 93.6 per cent of the investment fund was represented by common stocks. At the end of the year, the annual report shows that a large proportion of the stock had been liquidated, and the proceeds placed in more liquid channels. Cash loans, cash and receivables on December 31 constituted 63.3 per cent of the investments, and common stocks only 34.8 per cent.

**POSITION REVERSED**  
This decision obviously was dictated by the belief that the stock market had entered a period of uncertainty. By placing the larger proportion of the fund in cash and receivables, the management is in a position to re-enter the stock market when it can be picked up at lower prices. On the basis of the return on stocks purchased around the end of the year, the yield from short-term paper and call loans was about at the same level.

In conformity with the common stock investment theory, the statement of the Investment Managers' Company does not list bonds of any kind.

How the managers of this investment trust appraised the various kinds of stocks as of December 31 is of particular interest. The fund contained 15,488 shares costing \$1,827,152.01 and having a market value on that date of \$1,754,112.50. Railroad common stocks were easily the favorites, amounting to 51.3 per cent of the whole. Public utility shares represented 10.4 per cent and other stocks the remaining 38.3 per cent.

In listing the shares owned, Mr. Smith is careful to state that the fund is not a real estate fund, but is only the common stock position of the trust at the end of the year. Here are the rail common stocks owned on that date and the number of shares is each:

**RAILS PREDOMINATE**  
Chicago and North Western, 179,000; Illinois Central, 119,000; Norfolk and Western, 900; Northern Pacific, 1,000; Southern Pacific, 1,000; Union Pacific, 1,000. The public utility investments were divided between the Consolidated Gas Company of New York, amount of new financing, all of which has been readily absorbed.

"With the enormous volume of programs that are being carried on in the United States calling for huge sums of money, together with the large demand for money for other financing, it does not appear that interest rates will be lower for some time to come."

Mr. Smith has been making regular trips to Los Angeles and California for many years, having only missed three in the past twenty-five years. He has followed the development of this section particularly because of the importance of the Pacific Coast, and has taken in public utility financing here.

**Annual Report of Texas Light Company Given**  
DALLAS (Tex.), Feb. 22.—At the annual meeting of the stockholders of the Texas Power and Light Company held here, J. W. Carpenter, vice-president and general manager, presented a report of the company's operations for the year ending December 31, last. It showed that the company had received 428,000 shares of common stock, of which 68 per cent were on the company's lines.

The report showed that the company was serving 185 companies in Texas and sold \$4,494,000 kilowatt hours during the year. The number of customers reported at the end of the year was 17,871, and the company is operating 1633 miles of transmission lines. The plant additions made by the company, as per the report, during the year, amounted to \$2,091,854.40.

After the stockholders' meeting, the board of directors met and re-elected the following officers: W. P. Head, chairman of the board of directors; C. E. Calder, president; J. W. Carpenter, vice-president; J. E. Van Horn, secretary and treasurer; J. C. Thompson and W. G. Burnett, assistant secretary and assistant treasurer, and G. D. Gorman, assistant secretary.

**DEPOSITORS TO GET LIQUIDATION CHECKS**  
RECEIVER OF PRESCOTT BANK TO PAY OUT 25 PER CENT ON MAY 15

(EXCLUSIVE DISPATCH)  
PRESCOTT (Ariz.), Feb. 22.—A 25 per cent dividend probably will be paid to the depositors of the Prescott State Bank which closed November 26. The gross amount disbursed will approximate \$500,000, partially collected by a 100 per cent assessment on the stockholders of whom all, save one, are reported to have expressed intention of meeting the obligation. The bank's receiver, Homer R. Wood, sets the gross loss at \$825,113, but A. T. Hammond, State Superintendent of Banks, states his opinion that the bank will more nearly approach \$1,000,000.

Investigation of the bank's operations is being urged by the State organization of the American Legion, which states that over 125,000 had been deposited by disabled veterans who are inmates of the Whipple Barracks tubercular hospital.

## STEEL FIRM TO HAVE NEW MILL

Expansion Program Started by Local Company

Direct Rolling Process to be Installed Soon

Rumor of Removal of Plant Is Set at Rest

Plans for the installation of a direct rolling process at the local plant of the Southern California Iron and Steel Company, which have been in progress by officials of the Pacific Coast Steel Company for more than a year, were crystallized yesterday when the direct rolling process for steel bars, construction work on the new mill buildings.

Probably the Investment Managers' Company owned more public utility shares during the year, the public utility speculation was at its height. Undoubtedly the industrial list, as a result of the weeding out and the acceptance of profits when prices were near the peak.

**EARNINGS FAVORABLE**  
On the basis of the average face value of the trust certificates outstanding during the year, the Investment Managers' Company earned 8.68 per cent. Profits from the sale of securities totaled \$18,284.88 and dividends amounted to \$19,645. Interest income from call loans and short-term paper was \$19,319.31.

To the owners of the trust certificates, the company paid distributions at the rate of 5 per cent on the face value of certificates outstanding at the close of the year amounting to \$4,858,100, divided into 513 certificates. As subscriptions to the fund were received continuously throughout the year, both certificates and shares had a different interest in the fund, although on the average number of shares was 100 per share.

Where investment trusts are managed such as this one, they undoubtedly provide a convenient opportunity for common investors looking for safety through diversification and a fair return on the money invested. Through diversification, distributions to certificate holders, provision for extra dividends, and redemption of common shares, the company shows undistributed income remaining as of December 31, of \$78,605.37. This is the equivalent of 3.48 per cent on the average face value of certificates outstanding, and readily demonstrates that the first year has been profitable and successful.

**Fisher to Head Business Advice Clearinghouse**  
John H. Fisher, personal business manager for Cecil B. De Mille, announces his resignation from that position to become president of the Equitable Investment Corporation, a company organized several months ago as a clearinghouse of business advice and recommendation as to investments. His resignation is effective May 1, next.

Mr. Fisher states that the demands of the Equitable Investment Corporation have forced him to give his entire time to the new concern. The new company will continue to render investment services for Mr. De Mille.

Mr. Fisher is a director of Southern California Edison Company, Los Angeles Home Builders' Association, Land and Water Company, Industrial Center Corporation, Marine Packing and Reduction Company, Equitable Investment Corporation, Federal Trust and Savings Bank of Hollywood, Elmer K. Kohn, and loan committee, Commercial Trust and Savings Bank.

The new corporation has nothing of its own to sell, but devotes itself entirely to investigating and selecting the investments of its clients.

**The Clearinghouse**  
News of Spring Street  
S. L. Prenter, harbor commissioner of Vancouver, B. C., is a guest of his brother and wife, Mr. and Mrs. Charles Prenter, in Los Angeles, while on a tour of inspection of Los Angeles and Long Beach harbors. He was a caller at the First National Bank of Los Angeles Saturday.

**Made Branch Manager**  
J. H. Stone, who for the past two years has been manager of the collection department of the Elliott-Horne Company, street improvement bond specialists, has been appointed resident manager of the company's Oakland branch office.

L. L. Stewart, for some time past a member of the company personnel, succeeds Mr. Stone as collection manager.

**To Address Rotarians**  
Albert A. Joy, of the commercial First National Bank of Los Angeles, will speak before the Rotary Club of Pomona on March 2. His subject will be "Business Principles." The invitation on behalf of the club was extended by Raymond Smith, vice-president of the First National Bank of Pomona.

**RECOVERS PURSE LONG GONE**  
BEAVERTON (Or.), Feb. 22.—Twelve years ago this month Fred Wohlhegel, Beaverton farmer, lost a purse containing \$100 in gold while plowing. Recently, while preparing his ground for spring planting, the plow turned up the purse, which was in a state of decay, but the ten \$20 gold pieces were all found.

## UNIVERSAL FILM'S NET PROFITS UP

Report for Fiscal Year Shows Earnings Largest in Company's History

(BY A. P. MORT WIRE)  
NEW YORK, Feb. 22.—Universal Pictures Company, Inc., reports its best year for the fiscal year ended November 7, 1925, net earnings available for dividends amounting to \$1,235,594, equivalent after first and second preferred dividends to \$1.18 a share on the common stock against \$5.23 a share in the preceding twelve months. Gross income was \$24,232,824, compared with \$22,714,924 in 1924.

The company reports that negotiations are not actively under way toward acquisition of additional chains of motion-picture theaters. Carl Laemmle, president, recently announced that his company had made an agreement with U.F.A., the leading German film producing company, whereby Universal will have the privilege of releasing ten films each year in U.F.A.'s chain of theaters in Germany.

**EFFICIENCY PLANNED**  
Mr. Clausen, who is in active charge of the construction program, stated yesterday that the Southern California plant, located at Downey Road and Glendon Avenue, will be placed upon a basis of efficiency, comparable with the finest eastern rolling mill. The contract with the Union Iron Works calls for the immediate construction of mill buildings to house the present operations and to prepare for the installation of the direct rolling process for steel bars.

The announcement of expansion, which is a decided step forward in the development of the steel industry in California, has been hailed by the Pacific Coast Steel Company, which is a subsidiary of the Southern California Iron and Steel Company, as a landmark in the development of the steel industry in California.

Announcements that the Pacific Coast Steel Company had acquired a large tract at Long Beach, for the development of blast furnaces, occasional construction of mill buildings in local industrial circles. It was thought, at that time, that the local steel industry in California was being abandoned, and the entire enterprise was being moved to the East.

**PRODUCTION VARIED**  
The local mill rolls flat, round and square steel bars, and corrugated bars for reinforcing. Castings and rivets are also produced as well as large forgings and sucker rods for use in the oil fields.

The Pacific Coast Steel Company will maintain its warehouse in Los Angeles for stocking larger shapes of steel. The company operates plants in Los Angeles, San Francisco and Seattle.

**VOLUME OF IRON SALES UP IN WEST**  
Several Good Orders for Structural Shapes and Plates Placed

(Associated Press Wire)  
Trading has become more pronounced and several large tonnage orders of structural shapes and plate awards were placed, outstanding among which were 4400 tons of the Hunter Dells Bridge in San Francisco, secured by the United States Products Company, and 2800 tons of plates for a look-bar pipe line in Portland, placed with the Willamette Iron and Steel Company. Prices generally are firm.

Awards of concrete bars included only one bid for 200 tons. This involved 283 tons for the Woman's Club in San Francisco, placed with the Trueson Steel Company. Small lots continue to comprise the bulk of offerings. Several large tonnage orders for steel pipe include 700 tons for shipment to the Hawaiian Islands. Prices are becoming firm.

Plate awards aggregated over 25,000 tons. The San Joaquin Light and Power Company, calling for 300 tons, with the Berrum Company, will supply the man-made pipe. The Pacific Coast Steel Company booked 100 tons for dredge pipe for shipment to Tampa, Fla. New inquiries call for 8000 tons for a pipe line at Medford, Or., and 1500 tons for a pipe line at San Rafael, bids for which will be opened in March. In addition, San Diego is asking for bids on either a cast-iron or fabricated steel pipe in which 5000 tons of plates will be used. Prices continue firm at 2.30 cents a lb. for the 60,000.

The past week was the most active one so far this year in the structural shape market, over 6000 tons being booked. Among the larger awards were 450 tons for an addition to the Grant Building in San Francisco, placed with the Moore Drydock Company, and 700 tons for the construction of the Pasadena, secured by the Union Iron Works of Los Angeles. Pending projects involve over 2500 tons, new inquiries of the week including 310 tons for the estuary bridge, Oakland, and 250 tons for the Advance Auto Body Company plant in Los Angeles. Prices are firm at 2.35.

The American Cast Iron Pipe Company secured the only award for cast-iron pipe, which called for 100 tons, for Eureka.

**DEDICATES MISSION**  
(EXCLUSIVE DISPATCH)  
SAN ANTONIO (Tex.), Feb. 22.—Most Rev. Pedro Pizarro, apostolic delegate to the United States, officiated at the dedication of a new Catholic center on San Saba street. The new mission will be operated as a day school for the children of the church in ministering to the needy Mexicans in that section.

**PRICE INDEX TURNS DOWN**  
Living Costs Declining, But Still Stand 70 Per Cent Above Level of Post-War Period

(BY PAUL WILLARD GARRETT)  
(EXCLUSIVE DISPATCH)  
(Copyright, 1926, by New York Evening Post, Inc.)  
NEW YORK, Feb. 22.—Apparently the slight recession in wholesale commodity prices of the last few months has had an influence on the cost of living.

Changes in the values of commodities at wholesale sooner or later are reflected in values at retail and finally, of course, are what determine the cost of living for the family that buys its groceries, clothing and sundry articles in small quantities. In making up the family budget, account must also be taken of money spent for such things as shelter and fuel. With a continued flow of news of knowing what the average family in comfortable circumstances spends, the National Industrial Conference Board has given us a dependable index of living costs for the representative working family.

A substantial decline in costs left the index for January 1926, at 170.4, or to put the thing in another way, at a level 70.4 per cent above the 1914 average. A recession in foods, the most heavily weighted group that enters into the computation, was responsible primarily for the decline.

Living costs reached their peak in July, 1920, soon after wholesale sale prices established their highest level on record, and the present cost of living presents a scale nearly 17 per cent under that post-war peak.

The purchasing power of the dollar, based on the cost of living in January, 1926, was about 58 cents, as contrasted with a dollar in July, 1914.

With a continued, even if modest, recession in living costs workers will find less basis for demands for increased wages. A steadily increasing flow of funds into the family budget stimulated by rising living costs always results, in the end, for higher wages, but evidence is at hand that the peak in wages for the present movement is near at hand, if, indeed, it has not already been reached.

According to a bulletin just issued by the Pennsylvania Geological Survey of the Department of Forests and Water, there is enough hard coal in the State to last 110 years. The estimate is that more than 16,000,000,000 tons of anthracite still remain in the ground.

## PRICE INDEX TURNS DOWN

Living Costs Declining, But Still Stand 70 Per Cent Above Level of Post-War Period

**Southern Pine Shipments Up Shade in Week**  
(BY A. P. MORT WIRE)  
NEW ORLEANS, Feb. 22.—The Southern Pine Association trade barometer for the week ending the 19th inst., containing reports from 124 mills, shows southern pine production of 71,000,000 feet, an increase of 3-10 of 1 per cent; orders for 78,000,000 feet, a decrease of 4 per cent, and shipments of 72,000,000 feet, a decrease of 3 per cent. Unfilled orders for these mills at the week-end totaled 285,000,000 feet.

Of 113 mills reported on running time during the week ending the 19th inst., eighty-five reported full-time operation, with twelve running night and day shifts.

**TO EXCHANGE STOCK**  
Utility Company Will Issue New Certificates April 1  
Engineers' Public Service Company has decided to issue to all holders of fully paid preferred stock allotment certificates the regular preferred stock certificates together with the common stock bonus to which their allotment certificates entitle them. On April 1, instead of requiring them to wait until July 1, as originally provided, according to advice received yesterday by Blair & Co., Inc.

Holders of such fully paid preferred stock allotment certificates may surrender them on or after April 1, at the principal office of the Chase National Bank, New York City, or at the office of Stone & Webster, Inc., Boston, and in exchange therefor will receive certificates for 37 dividend preferred stock and accompanying common stock of the company.

**PROTEST HEARING SET**  
(EXCLUSIVE DISPATCH)  
YUMA (Ariz.), Feb. 22.—On March 11, the Yuma Utility Company is to hear a protest filed with the Arizona Corporation Commission by the Yuma Utility Company against the Yuma Utilities Company. The latter is charged with encroachment in the furnishing of electric current to the new Southern Pacific station here. It is claimed that the company has authority only outside the Yuma city limits.

**ILLINOIS POWER AND LIGHT CORPORATION**  
7% Cumulative Preferred Stock  
Par value \$100. Issued fully paid. Preferred as to assets and cumulative dividends. Dividends payable quarterly (January, April, July, October 1st). Callable on 60 days' notice as a whole, or by lot in amounts of 5,000 shares, or multiples thereof, on any dividend payment date at 105 and accrued dividends. Authorized 200,000 shares; outstanding 277,610 1/4 shares as of December 31, 1925.

**CENTRAL TRUST CO. OF ILLINOIS, Transfer Agent**  
CHICAGO TRUST CO., Registrar  
Reference is here made to a letter, signed by Clement Studebaker, Jr., President, which is summarized as follows:

Illinois Power and Light Corporation directly owns, operates or controls electric power and light, gas, heat, and city railway properties in a large number of the most populous and prosperous municipalities in north central, central and southern Illinois. Through ownership of the entire capital stock, the Corporation also controls Illinois Traction, Inc. (which owns an extensive and profitable system of trunk line electric railroads in Illinois), and other utilities in Iowa, Nebraska, and Kansas.

Corporation operates without competition in the richest agricultural sections, the most important coal areas, and many of the most intensively developed industrial centers of Illinois; also serves districts centering in Des Moines, the largest city of Iowa, and Topeka, principal city of Kansas; in Illinois serves more than half of the cities of over 10,000 population, outside of Cook County.

About 70% of the net earnings are derived from electric light and power, gas, and miscellaneous sources other than transportation. For over twenty-one years the principal companies constituting the system have steadily increased in earning power and paid dividends on their preferred stocks without interruption.

Net earnings for the year ended December 31, 1925, after fixed charges, available for bond discount, depreciation and dividends, were about 2.78 times dividend requirements on the 7% Cumulative Preferred Stock. After providing for maintenance and depreciation of 14% of total gross earnings in accordance with Charter provisions and for bond discount, the amount available for dividends was over 2.40 times dividend requirements on the 7% Cumulative Preferred Stock. An amount greater than required in the Charter is being appropriated for depreciation in conformity to the Trust Deed of the Corporation's First and Refunding Mortgage. Net earnings should increase substantially as a result of the proposed enlargement of electric power and light facilities.

Based upon an appraisal of Messrs. Day & Zimmermann as of December 31, 1922, with allowance for subsequent additions and development, less deductions and depreciation, it is conservatively estimated that the value of the properties, exclusive of working capital, as of December 31, 1925, is \$155,468,014. Based on these appraisals and other net assets the 7% Cumulative Preferred Stock has an estimated book value of over \$190 a share.

Franchises of the Corporation and its subsidiaries are, with minor exceptions, satisfactory in terms and provisions. Most of the principal lighting franchises are unlimited as to time. The electric railroad, except in municipalities, is almost entirely on private right-of-way.

Public relations of the Corporation in the territory served are excellent—indicated by the fact that employees and customers are consistent purchasers of its 7% Cumulative Preferred Stock.

Charter of the Corporation contains unusually strong provisions for safeguarding the 7% Cumulative Preferred Stock; issuance of additional securities having priority to, or parity with, the 7% Cumulative Preferred Stock is subject to carefully drawn restrictions.

Price \$100 per share, and accrued dividend, to yield 7%

## HOTEL LIENS ON MARKET HERE TODAY

Bonds Secured by Realty in San Bernardino to be Offered by Strauss

An issue of \$200,000 California Hotel and Apartments 7 per cent serial bond bonds, to be issued by the Strauss Corporation at par and accrued interest to yield 7 per cent.

The bonds will be secured by a direct closed first mortgage on the buildings, furnishings, and equipment, and the thirty-nine-year leasehold estate, valued at \$250,000, and located at Fifth and B streets, San Bernardino. This makes the first mortgage bond issue less than a 3 1/2 per cent loan.

The building has already been leased to the entire floor of the borrower, the Durbin Building Corporation, at a gross rental of \$40,000 per annum for twenty years. The bonds are also secured by a first lien on the income, and after deducting for taxes, insurance and ground rental, there still remains a net income three times the amount of the interest on the bonds, the greatest annual interest charge, and more than sufficient to meet both interest and serial payments of principal.

Monthly deposits of one-twelfth of the interest and principal charges due during any year must be made in advance to the trustee to meet the interest and principal payments. The completion of the building, free and clear of all mechanical liens, is guaranteed by the Strauss Corporation and Surety Company.

## THE CALIFORNIAN HOTEL AND APARTMENTS

SAN BERNARDINO CALIFORNIA

FIRST MORTGAGE LEASEHOLD

7%

Serial Gold Bonds

Tax Exempt in California—Federal Income Tax to 2% Paid

Hellman Commercial Trust and Savings Bank, Los Angeles, TRUSTEES

Dated May 1, 1925

MATURITIES: 1925 to 1935

PRICES: Par and Accrued Interest to net 7% CALLABLE: 105 to 102 and Accrued Interest.

The land on which the hotel and apartments will be built, is at the northwest corner of 5th and "E" Streets, San Bernardino, and is well located with relation to the business district of the city. Directly adjacent to the property is the City Auditorium, City Park, and the new West Coast Theatre—the largest and leading theatre in San Bernardino County. The Leasehold, building, and equipment are independently appraised at \$630,000. The income is conservatively estimated at 3 1/4 times the greatest annual interest charge, and more than sufficient to meet both the interest and amortization payments. Monthly payments in advance, of the principal and interest, are required to be made to the Trustee.

## "BEAR IN MIND"

That during the past fifty years the mining industry of our Country has more dividends than all the banks in all the Trust Companies in existence in the United States, and goodness knows we are not short of Banks and the money they make are fat and juicy.

Take for instance the records of one of our mines in this Country, and consider of all the dividends they have paid the meantime, here's how a few of them look.

Atlantic Stock in a few years jumped from 9c a share to \$74.25, Boston change.

American Zinc-Lead Stock in a few years jumped from 6c to \$45 a share, Boston Exchange.

Butte & Superior Stock in a few years jumped from \$1 to \$124.50 a share, Boston Exchange.

Butte & Boston Stock in a few years jumped from \$15 to \$498 a share, Boston Exchange.

Cariff Stock in a few years jumped from \$1 to \$1000 a share or more profit.

Homestake Stock in a few years jumped from 3c to \$17 a share or 56,000% profit.

Nevada Consolidated Stock in a few years jumped from 10c to \$30.25 a share.

Red Top Goldfield Stock in a few years jumped from \$5 to \$760 a share.

Verde Extension Stock in a few years jumped from 40c to \$200 a share.

Utah Copper Stock in a few years jumped from 28c to \$52 a share.

Yes and dozens and dozens of others in fact from a list in front of me. The Mining Journal of February 11, 1925, find that the average on 58 different mining stocks shows that for every dollar invested the increase in price was 100% or 13,100% on every dollar put in. All this exclusive of hundreds of millions of dollars they paid in dividends.

To my way of thinking there are a few essentials to the success of a mine.

FIRST—The ore body.

SECOND—Sufficient finance to develop the mine.

THIRD—Good conservative management, and "WESTERN LEAD" was she was blessed with all three.

From the look of the picture at the top I should be able to discern the first depend on "WESTERN LEAD" in a short time for you to do your Xmas shopping and you all know my idea of dividends. Not any little old eight or ten year year, and unless I was convinced "WESTERN LEAD" would not pay fifty to a hundred per cent a year wouldn't be mixed up in at all.

This stock closed on the Los Angeles Stock Exchange Saturday at \$2.00 a share. I look to see if several times the price during 1926, but why wait for an order for yours.

My sincere advice to you if you want to make money is place your order for "WESTERN LEAD" with any responsible Broker, or better still, it to me by wire, telephone or letter. I will execute same at the lowest possible price over the Los Angeles Stock Exchange with no charge for my services in handling the transaction.

"Watch where she goes to in sixty days."

Associated Gas and Electric System

Founded in 1882

Growth in Customers

The electric light and power business has been one of the most rapidly growing industries in America. The kilowatt output has practically doubled every five years during the past quarter of a century.

From 1920 to 1925 the number of electric customers in the United States as a whole increased on the average of 10.9% annually. During the same period, however, the number of electric customers of the Associated System increased 13.4% or nearly one-fourth more rapidly than that of the industry as a whole.

There has also been a substantial growth in the use of gas, particularly for industrial purposes. From 1920 to 1925 the average annual increase in the number of gas customers of the Associated System has been 3.3%, which is practically identical with that of the industry as a whole.

Approximately 84% of the net operating income of the Associated System is derived from electricity. The satisfactory growth in the number of customers reflects the well established character of the communities served and the effective manner in which the management has been able to meet the increased demands for service.

For information regarding opportunities for expanding your business by locating in territories served by properties of the Associated Gas and Electric Company

## CATTLE OUTLOOK IMPROVES

Condition of Industry Best in Six Years; Price Trend Upward; Beef Demand Should Increase

Both the immediate and the long-time outlook for the cattle industry now appear more favorable than in recent years, according to a report of the United States Department of Agriculture on the live-stock outlook for 1926. The number of steers is the lowest in many years. Beef cows number 2,600,000 less than in 1920, but milk cows are more than 1,000,000 greater and many of these produce beef calves.

The number of breeding animals in the industry is apparently large enough at present to produce as much beef as it will pay cattle producers to raise. A reasonably constant demand for beef is anticipated and no prospect of early competition in United States markets from foreign sources is in sight, the report states. Cattle prices apparently are on the upward swing of the cycle with the peak still several years in the future.

The present beef cattle situation emphasizes a shortage of steers, especially of those over 3 years of age, the report says, but with breeding herds of cows and heifers sufficiently large to maintain as

the sharp advance in prices of finished cattle in the summer of 1924, although not maintained to the end of the year, served the purpose of revealing the underlying strength of the market and showed that what may be expected whenever real curtailment of supplies develops. If the prospective smaller supplies of pork in 1926 result in higher prices for that commodity, an increase in the demand for beef can be expected, the department believes.

During the first half of 1926, market receipts of slaughter cattle are expected to be about the same as in 1925, with prospects favoring somewhat heavier supplies of grass cattle, this spring from the Southwest. Average weights may be somewhat less than a year ago, but average finish and quality will be somewhat better.

Average prices are expected to show a gradual upward trend, although with adequate supplies available no sensational advances are expected.

During the last half of 1926, total market receipts of cattle are expected to fall considerably below those of 1925. Marketings of range cattle are expected to be materially less but the number of grain-finished cattle may show an increase. A marked decrease in the number of steers is indicated. While the general level of beef cattle prices during this period will depend somewhat on the general business situation, it is expected to average considerably higher than last year, although top prices will probably not reach the peak touched in 1925. Well-finished, lightweight cattle will probably sell at the top for the greater part of the year. In the opinion of the Department of Agriculture.

These bonds may be purchased from your dealer

Texas-Louisiana Power Co.

1st 6s Due January 1, 1946

THE Texas-Louisiana Power Company serves an estimated population of over 100,000 people. The fertility of the soil in the region where 30 of the Company's properties are located—near Dallas and Fort Worth, Texas—insures prosperous and growing cities and towns together with constantly increasing demands for Public Utility Service.

The Bonds are secured by an absolute first mortgage. The properties securing the bonds have a replacement valuation of over 150% of the bond issue according to recent appraisal.

Current net earnings show in excess of twice the annual interest requirements of this bond issue.

We recommend this issue as a safe Public Utility investment attractively priced at 99 and interest to yield over 6%. The bonds may be procured from your own dealer or direct from us if you prefer.

## "The Retail Inventory Method and Store Budget Control"

A new Booklet for every Retail Store Executive dealing with important factors in progressive and profitable Store Management.

"The Retail Inventory Method and Store Budget Control" is the result of modern every-day practice, not theory, and represents the cream of successful experience in all sizes and kinds of stores nationwide.

This booklet is written to give the layman an easy and thorough understanding of the Retail Inventory Method of Accounting and the Relation of this Method to Store Budget Control.

The text, confined strictly to important principles and explanatory essentials, is not complicated by argument or technical detail. It provides complete information on its subject in compact form.

"The Retail Inventory Method and Store Budget Control" is now on the press and will be ready in a very few days. It will be mailed to store executives on request. Address:

# Julian Petroleum Corporation Stockholders

The analysis of the book value of your Preferred stock has progressed to the point where I am justified in advising you that it is SUBSTANTIALLY IN EXCESS OF PAR VALUE OF \$50.00 per share. From these figures, in my judgment, the market value of the Preferred in the present movement, will soon reach a new high level ranging from \$45.00 to \$50.00 per share as against the market price of \$23.50 as of Saturday.

The present earnings of the Company, plus the drilling program fast maturing, would indicate the Common should participate in the dividends before the end of the present year; just how soon I am not yet in position to advise you.

A tabulation of the amount of Common stock to which you will be entitled covering the accumulated dividends will be published in the next issue of the "LIGHTNING FLASHES," which will be off the press during the week, and just as soon as it is ready for distribution announcement of it will be made in these columns.

FOR THE CONVENIENCE OF THOSE STOCKHOLDERS WHO ARE DESIROUS OF HAVING THEIR STREET CERTIFICATES TRANSFERRED TO THEIR OWN NAMES, AND WHO ARE DESIROUS OF HAVING THIS OFFICE PLACE THEIR ORDERS FOR ADDITIONAL PURCHASES OF JULIAN SECURITIES ON THE LOS ANGELES STOCK EXCHANGE, OUR OFFICES WILL BE OPEN ALL DAY MONDAY.

YOURS RESPECTFULLY,

S. C. LEWIS

## DEN POD

The strange part is not  
fall, but that they fall for  
things.  
Man seldom rises above the  
fortunes that knock the  
of him.  
Heroism: The strange  
dence that places a man  
and a reckless youth in  
same vicinity.  
Doubtless an old chap  
when he sees America  
remembers that it once  
ages.  
Nature is kind. There  
belts, wheat belts, and  
are no pretty girl  
"She loves me, she  
not," muttered the  
as he pulled out  
another.

Loafers are not  
patrons seem to enjoy  
ance.  
It's a great country  
ry Morcken had but a  
to scorn.  
If ever this country  
aded the set comedian  
less. We couldn't  
as an extremely and op-  
sional evenings during  
the "Batter Speech".  
mands resignations in  
when he appoints himself  
not jobs.  
A "wise crack" is  
you already know and to  
you paid \$2.50 to look  
The funny old-time  
ried saddle bags based  
et case of needles.  
The will of millions  
prohibition, but you  
stomach howling about  
it.

## A Challenge!

To the best of our knowledge the Premier Duplex has never been equalled in any competitive demonstration. We do not believe that there is a vacuum cleaner made that can get as much dirt in as short a time.

## Premier Duplex

## Free Demonstration

A thorough demonstration of this famous cleaner in your own home will not obligate you in the least. Let us show you how Premier Duplex will clean and brighten rugs you thought were clean. Phone Washington 1560 today.

## The test—

Select any carpet or rug in daily use. Divide it by a chalk line. Get your two cleaners—one a Premier Duplex—ready for action.

(1) Weigh the dust bags on both cleaners.

Operate the cleaners—each on its own allotted half of the rug—for an equal period of time. Fifteen minutes is the usual time devoted to the test.

(2) Weigh the dust bags. Subtract the first weight of the bags. This will give you the amount of dirt removed by each cleaner in the fifteen minutes' run!

Now make the real test. Change sides and run the cleaners for another fifteen minutes. This is done to equalize opportunity, as one part of the rug might be dirtier than the other.

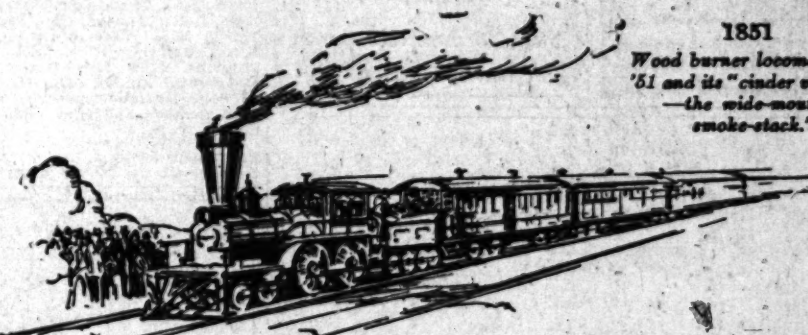

(3) Weigh the bags again and compare the increases. These show the ability of each cleaner to collect dirt in the path of the other.

The Premier Duplex Will Get the Most Dirt! Prove It! Make your own test and prove to yourself that the Premier Duplex is the best cleaner on the market.

## 75 YEARS OF ACHIEVEMENT

1926  
The Twentieth Century Limited—the last word in railroad comfort, speed and power.

Steam railroads, in the experimental stage in '51, when Marmon was founded, have now reached zenith. Motor transportation, in the production of which Marmon has engaged since 1902, now vies with the railroads as the magician of travel. This institution is gratified, as it celebrates its 75th Anniversary, that among its successes are many recognized contributions to this science and art. It is equally proud that its greatest success comes in the year of this anniversary.

The NEW MARMON  
It's a Great Automobile

## FROM THE HOME OF BETTER LIGHTING

### The WORK of an ARTIST

EXPENSE alone will not insure correct lighting. Good lighting, like good music, is the work of an artist. Forve-Pettebone has a staff of lighting specialists... true artists in the medium of light. They can fill your home with an atmosphere of contentment... a gentle invitation to relaxation and comfort. Your whole life is influenced by the "atmosphere" of your evening hours at home. And atmosphere is largely a question of lighting. Visit our display room, and let us demonstrate what we mean by good lighting.

## SOCIETY

BY JUANA NEAL LEVY

Of more than usual interest to local society is the announcement made this morning of the marriage of Mrs. Myrtle Pratt Brown, daughter of the late O. R. Brown, and Mrs. Elizabeth Brown of Lake street, to George Thomas Cline, son of Mr. and Mrs. William Henry Cline of Wilshire Place, the ceremony taking place in St. Cecilia chapel of the Mission Inn, Riverside, Friday last. Following a charmingly appointed dinner party with which Mr. and Mrs. Cline entertained Sunday evening in honor of their son and his bride, they left aboard the S.S. Manchuria for New York by way of the Panama Canal on a month's honeymoon trip, and after their return will make their home here.

The table was beautifully decorated with a profusion of pink sweet peas and lilacs of the valley, with crystal candelabra, and an exquisite Florentine lace cloth covered the board, where covers were arranged for a dozen guests. The bride's going-away gown was of blue cashmere, embroidered in gold and amber, with chlo hat to match. They are planning to visit in Palm Beach, New York, Philadelphia, New Orleans and Washington before returning to Los Angeles.

**Bridge Luncheon**  
The Chinese Room of the Mary Louise formed the attractive setting for a beautifully appointed luncheon and bridge party Friday afternoon, with which Mrs. M. S. Gordon and Mrs. George Meacham of Battle Creek, Mich., who have been wintering in Los Angeles, entertained. The table was resplendent with huge baskets of spring flowers, candelsticks and ribbon bands, dainty Chinese hand-sketched cards marking the covers for twenty-one guests, all for-

## SOJOURN IN HONOLULU PLANNED

Honored With Many Bon Voyage Affairs

Miss Talma Breeden

mer residents of Battle Creek, and friends of the hostesses.

**Entertaining Guests**  
One of the beautifully arranged affairs of the week will be the dinner-dance with which Mr. and Mrs. John McNeal Burger of Western avenue will entertain at the Mary Louise Saturday evening in special compliment to Mr. and Mrs. Robert Thomas Burge, who are leaving shortly for a two-years' trip to South Africa and Abyssinia. This is the first of a series of affairs which Mr. and Mrs. Burger are planning this season. Mrs. Burger will be assisted in receiving Saturday night by Mrs. M. J. Henchy, Mrs. Stuart Moore, Mrs. Arthur Hurt, Mrs. Ben Eiler and Mrs. Rollo Woods Coleman of Kansas City.

**Plan Trip**  
Mr. and Mrs. Lucius L. Vogel of 2771 Cambridge street are leaving Friday for a trip around the world, planning to pass at least a year in continental Europe. Mrs. Vogel is a prominent club woman and social favorite, and will be sweetly missed by her friends here. Mr. and Mrs. Vogel have been entertaining Mr. and Mrs. James Chalmers of Buffalo, N. Y., for several weeks, and Sunday evening gave a most delightful buffet supper at their home in honor of their visitors.

**Bon-Voyage Party**  
Mrs. A. O. Bjelland of 219 North Van Ness avenue gave a most charmingly appointed luncheon Tuesday afternoon, last, in honor of Mrs. Inga Nelson Brown, who is leaving shortly for an extended sojourn abroad, the guests including Mrs. T. H. Williams, Mrs. C. D. Roan, Mrs. Ragna Linne, Miss Alva Hutchins, Mrs. Victor Brandt of Portland, Or., Miss Maud Albert, Mrs. Inga Nelson Brown and the hostess. Mrs. Brown is leaving March 1 and will pass through Los Angeles before returning to Paris to resume her musical studies.

**Luncheon Party**  
One of the beautifully planned events of last week was the luncheon with which Mrs. G. A. Pfeiffer of the Gaylord entertained at the Mary Louise Thursday afternoon. Although Mrs. Pfeiffer makes her home in New York City, she passes part of every year in Los Angeles, and the honor guests at this affair were old-time friends whom she knew in Iowa. Crystal candelabra, spring flowers and ribbon bands served as place cards, while exquisite vanities from Deauville were the place favors. Among those included were Mr. and Mrs. Paul M. Pfeiffer, Mr. and Mrs. J. A. Poots, Mrs. Glen Morrison and Mrs. Ed Schelling, Mr. and Mrs. Val Laha, Mrs. S. S. Poots, Mr. and Mrs. H. B. Miller, Mr. and Mrs. Y. Y. Youngs, Mrs. S. A. Poots, Mrs. A. N. Ferris, Mrs. D. C. Merrier, Miss Virginia Pfeiffer and Miss C. C. Christie.

**Sorority Affairs**  
Alpha Nu chapter of Delta Gamma at the University of Southern California is entertaining with a formal dinner-dance at the Uplifters' Club in Santa Monica Canyon. The clubhouse will be elaborately decorated with spring flowers and ferns, carrying out the sorority colors of bronze, pink and blue. Miss Margaret, who has been in charge of the evening, Patrons will include Dean and Mr. and Mrs. Gordon Wallace Wattles of Hollywood, Hostesses of the event are the bride and mah jong luncheon with which Miss Eva Van Ronkel entertained Wednesday last, at the home of her aunt, Mrs. Samuel Van Ronkel, Canon Drive, Beverly Hills, honoring Miss Roslyn Goldberger of Minneapolis and Miss Evelyn Benson of Providence, R. I., visitors from Los Angeles. The luncheon decorations were effectively carried out in red and the predominating flowers were poinsettias. Following

**Bridge and Mah Jongg Luncheon**  
One of the lovely affairs of recent date was the bridge and mah jongg luncheon with which Miss Eva Van Ronkel entertained Wednesday last, at the home of her aunt, Mrs. Samuel Van Ronkel, Canon Drive, Beverly Hills, honoring Miss Roslyn Goldberger of Minneapolis and Miss Evelyn Benson of Providence, R. I., visitors from Los Angeles. The luncheon decorations were effectively carried out in red and the predominating flowers were poinsettias. Following

**Delightful Affair**  
Miss Gloria Mayne entertained

PLANNING a delightful trip to Hawaii, Miss Talma Breeden, the charming daughter of Mrs. Anna M. Breeden and her late husband, is leaving Saturday aboard the City of Los Angeles for an extended sojourn with friends in Honolulu. A number of delightful bon voyage affairs are being given in her honor among the recent events being the bridge party given by Mrs. J. E. Shogran (Betty Ryder) at her home with Miss Breeden as special guest of honor.

the luncheon, bridge and mah jongg were the diversions of the afternoon.

**Church Ceremony**  
The First Methodist Church was the scene of a lovely wedding Saturday evening when Miss Geraldine Carolyn Livingston became the bride of Irving G. Ulmer. Both Mr. and Mrs. Ulmer are well known in musical circles. During the ceremony Nell Lockwood Joseph sang a group of songs. After the ceremony Nell Lockwood Joseph sang a group of songs. After the ceremony Nell Lockwood Joseph sang a group of songs. After the ceremony Nell Lockwood Joseph sang a group of songs.

**Sorority Dance**  
The Southern California alumnae of Alpha Sigma Delta Sorority will give a dance at the home of Mrs. Charles Wilderman, 184 South Westlake avenue, Saturday evening. Mrs. Horace W. B. White, who has been in charge of the evening, will be assisted by Mrs. George Collins, Mrs. Sydney Anderson, Mrs. James H. Epling, Miss Dorothy Hillon, Miss Lenna Hathaway, Miss Hilda McClelland, and Miss Lura Morris.

**CLUB BORROWS SPEAKER**  
Luther Reynolds, a director of the Los Angeles Rotary Club, and superintendent of the Methodist Hospital, will address the Klwanis Club at its luncheon tomorrow noon in the Biltmore. Mr. Reynolds' subject is "Applying Service Club Principles in Every Day Life." John Gage, president of Los Angeles Rotary Club, is to be honor guest.

# Of interest to Women.

**Breakfast**  
Prunes  
Sausage Omelet  
Toast  
Milk  
Jam  
Coffee

**Luncheon**  
Fish Roe, Baltimore  
Celery Root Salad  
Chip Potatoes  
French Pancakes  
Milk  
Tea

**Dinner**  
Cream of Cauliflower  
Olive  
Lamb Steaks, Bordelaise  
String Beans  
Mashed Potatoes  
Fruit De Plateau, Danish Pie  
Milk  
Coffee

**FISH ROES, BALTIMORE**  
Place three pounds of fish roe in a buttered frying pan, add two tablespoons of orange juice, two tablespoons of water, two tablespoons of lemon juice, one tablespoon of melted butter, a seasoning of salt and cayenne pepper and a quarter of a teaspoonful of ground nutmeg; cover with a lightly buttered paper, set over a slow fire for five minutes and cook for two minutes, not boil, and strain over the cooked roe.

**FRENCH PANCAKES**  
Mix the following in the morning after breakfast and let stand in a cool place until luncheon is ready. Sift into a bowl one cupful of sifted flour with one-third of a teaspoonful of salt and a scant teaspoonful of sugar. Make a well in the center of the flour and drop in two unbeaten eggs, and while beating constantly, add slowly one cupful of milk and one teaspoonful of melted butter; beat until smooth, the batter should be thin enough to run freely. In a

### TREATMENT FOR COMMON COLD

Those who have lowered resistance from unhygienic habits, especially wrong eating habits, take cold easily. A few of the germs causing ordinary colds are probably hanging around on the mucous membrane of the nose, waiting for a chance to multiply and make a vigorous community of themselves. Be in a state of lowered resistance, get your hair cut extra short, get your feet wet, sit in a draft, become overtired—and some of you are sure to catch the cold. You most likely will have a patch of a cold, but even if you are resistant, you may catch the type of a cold, but in this case you get rid of it more easily. If you are not sure of your resistance, better go back to your maintenance diet until the cold is over. You never can gain more than a couple of pounds, which will be accounted for the retention of water in the extra food caused by your system to demand.

**Treatment:** When you first feel the cold coming on, have some sort of a heating treatment that gets you thoroughly warmed up. Take a hot tub or cabinet bath, or a Turkish bath (not too long, in any case); then be careful to keep warm afterward. If the cold seems very severe, better go to bed.

If you have been constipated, a

### TOO SMELLY

There isn't any doubt when Winnie is in the office. You see, Winnie's gifts ran very much to perfumes this year and she is trying 'em all.

Maise gave her a bottle of hair-salts, alleged violet perfume. Sister gave her some scented face soap, alleged verbena. Winnie's toothpaste has a perfume all its own.

Agnes sent some super-scented face powder from Paris, very aromatic. French perfume. Winnie's lip-stick has a spicy tint. Connie sent a vanity box which contained a very special kind of "flaming youth" coloring—likewise perfumed with a scent of some kind.

Then Winnie has two kinds of face creams and a "powder base." All perfumed and recklessly different. There is also a liquid stuff called "astringent" that has an aroma all its own.

**EACH HAS DIFFERENT ODOR**  
The manicure set and cosmetics are different yet again. The nail blanc and the polishing powder and the red paste all have their special smells, and so has the cuticle softener.

Of course, dozens of people sent Winnie handkerchiefs—all scented—roses, lilacs of the valley, violet and some of those more sophisticated foreign contraptions. Besides which Winnie keeps lavender in her underwear drawer. And, of course, the cutie silk underwear Aunt Emma sent was perfumed, too.

And then there is the regular scent-bottled perfume, all the way from 50 cents to \$8 an ounce. Winnie never can make up her mind which to use, but it's never

the same as last night. And she forgets and is too liberal with the 38-ounce kind which really only calls for a single drop to get in its deadly pervasion—and lasts for weeks. In fact, articles come home from the laundry still vaguely aromatic.

**WEARS PERFUMED FLOWER**  
And of course, there is a sachet sewn in Winnie's fur. And the cute, little artificial flower she wears on the left side. Perfumed, too.

And she gave a different kind of perfume behind her ears with that saucy little glass dipper.

Some one also sent her some rather fancy scented hair shampoo. And the hair tonic she rubs in at night has another kind of a smell.

Being a neat little girl she occasionally cleans spots off her benzoin or gasoline—both rather lingering perfumes.

The kind of shoe polish Winnie favors seems to be a combination of clove and nutmeg, with a dash of turpentine thrown in.

The nail blanc and the polishing powder and the red paste all have their special smells, and so has the cuticle softener.

Of course, dozens of people sent Winnie handkerchiefs—all scented—roses, lilacs of the valley, violet and some of those more sophisticated foreign contraptions. Besides which Winnie keeps lavender in her underwear drawer. And, of course, the cutie silk underwear Aunt Emma sent was perfumed, too.

### FASHIONS & FOIBLES

by Shirley Sharon

A new year is all the excuse a young girl needs to provide herself with new frocks which this season will have the easy width of flares or fullness.

She fitted hip, the flared hem, a high collar that refuses to protect a weak throat and a sleeve that gathers in its fullness at the wrist make a smart frock for the young girl about town. Paris uses the silk and satin crepes, printed crepes and baile for dresses of this type. The necked collar and wristbands are usually in contrast—a plain crepe with a print, a lighter or darker shade of the same color with a plain satin or crepe.

### TRAIN HURLS AUTOIST TO HER DEATH

Five Others Unhurt as Locomotive Overturns Car in Crossing Accident

Hurled beneath the wheels of an onrushing overland Santa Fe train at North Pomona yesterday afternoon, Mrs. W. C. McKellup, 40 years of age, of 440 McBride street, Belvedere Gardens, was instantly killed, while other occupants of the automobile escaped almost unharmed. The auto was not even scratched.

Mrs. McKellup was in an automobile driven by Bruce Miller of 478 Humphrey street, Belvedere Gardens. Other occupants were her little daughters, Ruth, 3, and Betty, 6; her mother, Mrs. Ida Jones, and Mrs. Miller. They were bruised and scratched. Miller's injuries were confined to slight cuts. All were taken to the Pomona Valley Hospital.

The party had been on a week-end outing at Camp Bailey, W. C. McKellup, husband of Mrs. McKellup, and a motorman for the Los Angeles Railway, at the last moment was unable to make the trip, so Miller volunteered to take his own automobile.

While returning to Los Angeles at 5 p.m., yesterday, Miller failed to notice the wig-wag on Cherry avenue crossing, he said. He was almost on the tracks before he saw a passenger train bearing down from the west at high speed. Frankly he ran his automobile off the highway to avoid being struck. But the top of the automobile was caught by the engine and Mrs. McKellup was dragged under the wheels of the locomotive. The auto's top gave way, freeing the car, which turned over, but which was undamaged.

It is expected an inquest will be conducted this afternoon at the Todd & Reeves funeral parlors, Pomona.

### HOUSEHOLD SUGGESTIONS

**Buttons Inlaid**  
The continual ripping off of buttons by the clothes wringer can be avoided by folding the buttons inside the garment and holding it flat as you run it through the wringer.

**Better Containers**  
These brisk, sunny days are just the kind to blow all the muslin and cellophane out of the bread and cake boxes. Don't forget to air them regularly and your bread will keep much longer.

**Removes the Deposit**  
If the holes in the percolator seem a bit clogged, pour coarse salt in the coffee holder and scrub the perforations inside and out. Four boiling water through to wash away salt and coffee deposit.

**Just for a Change**  
If you can't afford to buy anything new for the house and you are just a little bit dissatisfied, try changing the position of the furniture and see if that difference will not take away that bored feeling.

**A Pleasant Cleaner**  
Brush your soiled fur collar with toilet water. There is enough alcohol in toilet water to make it cleansing and it soon evaporates, leaving a pleasant odor.

**The Delicate Hat**  
If you are the possessor of a perishable hat in some pastel shade, pin a folded veil inside the crown and when an unexpected shower comes along you are prepared and your hat will not be ruined.

**A Hint for the Fat Lady**  
They may tease the very stout person for always wearing black and looking as though she were in mourning, but perhaps, they would tease her a great deal more if she suddenly appeared in brilliant shades that emphasized her size and made her seem to weigh fifty pounds more.

**Other Days, Other Ways**  
The old-fashioned feather duster is useful for moving dust from one article of furniture to another, but for no other purpose. A hemmed square of cheesecloth or one of the dustless dusters is much more satisfactory. This sort will gather the dust and hold it and yet is easily washed.

**Ecru Curtains**  
When washing ecru curtains, add a little saffron to the rinsing water to retain the pretty shade. You will find it will tint very much more prettily than will coffee.

**Another Economy**  
In these days of expensive linens, napkins can be made out of the good pieces of the worn cloth. Cut out the good squares and either hem them or run around with a simple crocheted edge. They will at least help out for family use and save wear on the better napkins.

**Painted Shoes are most easily cared for.**  
A mercuric pie should be eaten the day it is made. Keep the broom on its handle and when not in use. Wipe off the broad-leaved palms occasionally with soapy water. A coat of fresh light paint will give the kitchen a different atmosphere.

Throw some rock salt on the slow fire and see how quickly it will burn up.

### FINES HIMSELF FOR SPEEDING

G. W. Stanton Mounts Bench Again, But Gets Little Joy This Time

During the recent "Boys' Week" Gordon W. Stanton had the pleasure of sitting in the place of Municipal Judge Chambers, hearing speeder cases and assessing fines.

Yesterday he had the pleasure of climbing back on the same bench to assess a fine upon himself.

Stanton was taken into court on a charge of going thirty miles an hour in a fifteen-mile zone. Judge Chambers recognized him and asked him if his day of imposing fines had not made any impression.

"Yes, your honor, but I was in too much of a hurry."

"Well, you may get on this bench once more and fine yourself," Judge Chambers said and left the bench.

Stanton fined himself \$10.

### Rescue Worker Held Captive in Elevator Shaft

Police and firemen labored for half an hour yesterday morning to extricate Jay Powell of 2925 Twelfth avenue, from an elevator shaft in the plant of the Crescent Creamery Company, 237 Winston street. Powell, an employee of the plant, was caught between an elevator and the shaft when starting the lift.

But for the presence of mind of L. Lepinsky, 905 North Herbert street, Belvedere, another employee, Powell would have been killed, according to Detective Lieutenants Tucker and Lynch. Lepinsky shut off the power when Powell called for help.

Powell suffered numerous bruises on the lower limbs, but was not seriously injured, according to surgeons at the Golden State Hospital.

### FINE MATTRESS MAKER

Concern Pleads Guilty to Using Insanitary Materials

Charged with using insanitary materials in the manufacture of mattresses, representatives of the Mordock & Wilcox Mattress Company today will appear before Municipal Judge Westover to pay \$10, the fine imposed when members of the firm pleaded guilty to the charge.

To the story told to Deputy City Prosecutor Nemo, who issued the complaint, the firm used second-hand material of doubtful cleanliness in making their mattresses. They also put new covers on old goods, it was said, and sold the mattresses as new. The company elected to fight the charge and asked a trial, but at the beginning of it changed its plea to guilty and asked for a fine.

About one-half the Federal employees located in Washington are women.

### VETERAN THESPIAN HONORED

Frederick Ward Guest at Shakespeare Dinner; Birthday Today

Frederick Ward, Shakespearean actor, was the guest of honor at a dinner meeting of the Shakespeare Study and Dramatic Club at the Windsor Tea Rooms last night. Mr. Ward celebrates his seventy-fifth birthday today.

Mr. Ward will be a guest at the Chamber of Commerce dinner this evening and, at the Bar Association dinner Thursday evening.

For forty years Mr. Ward has passed his birthday in Los Angeles, coming to the Coast every winter in Shakespearean repertoire. The program last night was informal and enlivened by Scotch reminiscences and stories told by Mr. Ward and C. Montague Shaw, toastmaster, a British actor who has recently brought his family to Hollywood and established his home there. Mrs. C. W. Keeler, president of the club, presided.

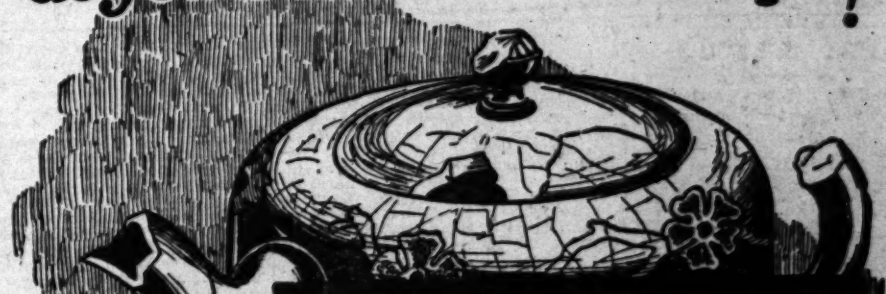

Others on the program were Dr. Frank Dyer, pastor of Welsh Congregational Church; Mrs. W. F. Thorsten, chairman of the drama section of the Friday Morning Club; Alfred Hollingsworth, Dr. Frank Crane, Myra Nye, Mrs. Ruth Helen Davis and Prof. B. F. Bink, vice-president of the club. Shakespearean quotations featured the dinner courses and were used in introducing the speakers. Several solos were given by John Claire Monteth, and at the close of the program Mr. Ward was presented with a life membership in the club.

A huge birthday cake carrying seventy-five lighted candles was presented to the guest of honor.

### Blanche Sweet Reported to be Some Better

A slight improvement has been shown in the condition of Blanche Sweet, motion-picture actress and wife of Marshall Neilan, director. It was announced last night at her residence, 2327 Fargo street. Miss Sweet has been ill for several days with pneumonia.

## do you bank in an old tea-pot?

The United States Treasury estimates that more than \$400,000,000 is hoarded in stockings, old sugar bowls, teapots, and old-fashioned cupboards, or otherwise kept out of circulation in the United States.

### To be hung by the neck until dead!

SWINGING on a frayed cord, many an ancient electric fixture lingers long after it has served its usefulness. If any like this one are still hanging on in your shop or office, give them decent burial in the junk heap.

In one typical instance improved fixtures were selected, and installed by an expert with an eye to right location. Result—glow and glare were alike corrected, the operatives could now see what they were doing, and production increased 25 per cent.

For every item needed in an adequate lighting installation count on the Graybar line of quality supplies. Graybar is successor to the name, experience and reputation of a supplier half a century in business—Western Electric Supply Department.

### Asserted DOPE AGENT ARRESTED

Savette Man Credited With Drug Traffic Among Veterans' Home Inmates

Charged with violation of the State Poison Act, and asserted by arresting officers to have been engaged for the past year in drug-selling traffic among inmates of the United States Veterans' Home at Sawtelle, Amos Fanguard, 32 years of age, was arrested last night by Detectives Southard, Boshard and Cox and lodged in the City Jail.

Fanguard is charged specifically with possession and sale of narcotics, according to the officers, who assert they were able to purchase a small amount of dope. He was arrested at his home at 1229 1/2 One Hundred and Tenth street, Sawtelle.

HOLLYWOODLAND LIGHTS The Council yesterday referred to the Board of Public Works a request from John P. Hart and others that current be furnished for the maintenance of lighting systems on a number of streets in Hollywoodland.

FREE—Butterfly, in colors, for rear glass in auto. No printing on Butterfly. Address 1725 Van Nuys Bldg., Los Angeles.

## PRACTICAL RECIPES

Help for Epicures and All Who Appreciate Good Cooking

**EGG NOG FRAPPE**  
Beat the yolks of three eggs until light, add gradually six tablespoons of sugar and continue beating, then add one-third of a teaspoonful of salt, one teaspoonful of vanilla extract, two teaspoonfuls of lemon extract and one and a half cups of milk. Beat the whites of three eggs stiff and add to the first mixture. Place in a freezer and freeze as for ice cream.

**ORIENTAL MOUSSE**  
M. J. O., Los Angeles: Mix four tablespoonfuls of chopped Canton ginger with four tablespoonfuls of preserved Kumquats, four tablespoonfuls of their syrup, and one tablespoonful of orange juice and let stand two hours. Soak a quan-

ter of a teaspoonful of granulated gelatin in five tablespoonfuls of cold water. Make a custard of one cupful of milk, five tablespoonfuls of sugar and a little salt. When the custard is smooth add the gelatin and strain into a cold pan set in a pan of hot water. When the mixture starts to harden fold in the whip from three cupfuls of heavy cream. Pour the mixture into a wet mason mould, cover tight and pack in salt and ice for three hours. Use two parts fine ice and one part salt.

**CANDIED ORANGE**  
C. L. O., Hollywood: Use thin-skinned oranges and grape fruit. Remove the peel, cut in quarters, cover with cold water, bring to a boil and cook until soft. Drain and remove the white part. Make a syrup of one part water and two parts sugar and boil until it will spin a thread. Cook the peel in this syrup for ten minutes; drain and cover with granulated sugar.

**MOCK PATE DE FOIE GRAS**  
T. V. Y., Long Beach: Cut in small pieces a well-washed calf's liver; place in a mortar and pound very fine; press the

pounded liver through a sieve and add to the liver pulp one teaspoonful of butter, one teaspoonful of salt, half a teaspoonful of pepper, two well-beaten eggs and a dash of nutmeg, cayenne pepper and allspice. Cook three tablespoonfuls of flour with three tablespoonfuls of stock until it leaves the sides of the pan and mix well with the liver mixture. Place in a well-buttered mould and place the mould in a pan of hot water and place in the oven for forty minutes. Slice when cold and use for sandwiches or serve with green salad.

**LOBSTER LOUIS**  
A. M. E., Los Angeles: On a bed of crisp, cold lettuce heartily dress a cold lobster meat, one cold, boiled lobster and pour over a dressing made by mixing in a cold bowl that has been rubbed with a clove of garlic, five tablespoonfuls of olive oil, one tablespoonful of vinegar, three-quarters of a teaspoonful of salt, half a teaspoonful of paprika, one-third of a teaspoonful of fresh ground black pepper, one teaspoonful of onion juice, a dash of Worcestershire sauce, and three tablespoonfuls of tomato catsup or chili sauce. A good way to make this sauce is to place the ingredients in a cold, wide-mouth, half-pint bottle, cork and shake vigorously until well mixed.

**SWEET POTATOES SOUTHERN**  
W. B. D., Riverside: Peel six boiled sweet potatoes, cut in two the long way and lay on a shallow baking dish. Place a teaspoonful of butter on each potato, sprinkle them with one cupful of brown sugar and three tablespoonfuls of water. Dust with ground cinnamon and grate a seasoning of salt and pepper.

**TALLAN HASH**  
R. T. H., Los Angeles: Chop fine two cupfuls of cold roast beef, free of all bones and fat. Place in a bowl and add one finely chopped parboiled calf's brain, two tablespoonfuls of melted butter, one tablespoonful of anchovy sauce, four egg yolks, two teaspoonfuls of chopped parsley, and a seasoning of salt and pepper.

**FIG FILLING**  
Place in a double boiler one and a half pounds of dried fig meat, four tablespoonfuls of water and four tablespoonfuls of orange juice, stir until smooth, cool slightly and spread between the cake layers.

**CHICKEN COUNTRY STYLE**  
A. W. L., Los Angeles: Select a young chicken, clean and cut in eight pieces. Season the chicken with salt and cover with cold milk. Let stand for fifteen minutes, then remove and cover with flour and place in a saute pan with six tablespoonfuls of hot butter. Place the pan in a medium hot oven and cook slowly until a nice brown, turning at least four times. Remove the chicken and place on a hot platter and add to the gravy in the pan one cupful of cream and a seasoning of paprika and let cook until thick and smooth; then strain over the hot chicken and serve garnished with sprigs of water cream.

**BISHOP ASKS REDEMPTION OF REALISM**

Declares Word Should Mean All That Is Good Instead of Morbidity, Vice

Pleading for redemption of the word realism, so that it shall mean, to the popular mind, all that is good and beautiful instead of being a synonym for morbidity and vice, Bishop Coadjutor Stevens of the local Episcopal diocese, in an address before St. Paul's Cathedral yesterday, declared the realities of life are those things and qualities which are positively strong and good.

Speaking on "Reality and Self-Expression," Bishop Stevens said self-expression has many meanings, according to the definitions of the various individuals who define that term, and in this regard he mentioned the fact that, regardless of the intentions of Freud and Jung, thousands of persons accept their philosophy as a sort of apology for self-gratification.

"However, the highest and best model for the finest, fullest expression of man's true self is found in the character of Jesus," said the speaker. "It was Christ who gave us the knowledge of true values, who proved love to be the supreme quality of human nature and Godly attributes, who taught mankind the glory and joy of service, and whose transcendent optimism is an example to us, teaching us to see the best in everything and to redeem the base to noble uses."

Bishop Stevens will speak at the cathedral every day at noon this week.

**Health-Giving Milk Product Put on Market**

A do-fus, a new milk product said to possess valuable therapeutic qualities, has been placed on the market in Southern California by the Los Angeles Creamery Company.

The new product is said to be a pleasant, nutritious beverage, tasting like buttermilk and possessing health-giving qualities which the medical profession is declared to have long recognized. Scientifically, the new product is known as L. Acidophilus and is said to be a valuable remedy for intestinal disorders.

It is food that "stands by" you through the morning.

## The Best Margarine Is Standard Nut

Standard's Secret Process Assures Exclusive Goodness

1. Ingredients do not separate.
2. Uniform texture at all temperatures.
3. Smooth - spreading, warm or cold.
4. Sweeter, finer flavor.
5. "Creams" perfectly and replaces most costly ingredients in finest cakes.

Ask your Grocer for Standard Nut

No Other Can Be Like It **33c** PER POUND

**TASTE** Standard Nut Margarine. Note how smooth it is. What a rich, sweet, flavor. You'll know at once that it is a superior product.

This smoothness, this richness, this flavorful goodness, result from an exclusive process of blending and emulsifying wholesome nut oils and milk solids. So they do not separate even when warm. No other margarine can be like Standard because the process is secret.

Ask your grocer for Standard Nut. If he should be one of the few not carrying this better grade, phone us and we'll see that you are supplied.

STANDARD NUT MARGARINE CO.  
3000 South Main Street Tel. HUmbolt 6000

Does your food make strength or take strength?

Eat to live! Eat to replace used energy, to strengthen mind and body to meet the daily opportunities.

Eat food that makes strength—whole wheat.

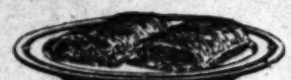

Whole Wheat is Nature's perfectly proportioned food for man—a highly digestible balance of vitamins, proteins, bran and everything else the body needs.

**SERREDD WHEAT** is whole wheat—nothing more, nothing less. It's steam-cooked and shredded for your convenience—100% body-building, nourishing and satisfying.

And **SERREDD WHEAT** is a delicious treat—ready to eat anytime, or any way, whether it be cold, served with hot milk, or topped with fruit from Mother's pantry shelf of choice preserves.

## EXCAVATION BIDS TO BE READ TODAY

Work of Preparing City Hall Site Will Be Rushed; Steel Contracts Let

Bids on excavating the ground on the site of the new City Hall will be received today by the Board of Public Works. It is expected work will be started within a few weeks on the excavation, as the architects and members of the board are eager to get started on the building as soon as possible. The bids are asked on a basis of cubic yards removed and it is possible that excavation will be made to provide storage for 400 cars in a subbasement under the structure. The specifications demand that 1000 cubic yards a day be removed, so that a time limit is placed upon the work.

Contracts for the steel framework and the erection of the steel have been let by the board. Contracts for demolishing the old buildings on the site now are running. While the Los Angeles Railway Company awaits special steel tracks to complete its placing of a line through the Broadway tunnel it will continue to operate along North Spring street, as excavating, can start in another part of the site, it was pointed out.

## PIGGLY WIGGLY answers that great American question

After breakfast is over and the other members of family have departed for work or school, your first thought generally "What shall we have for dinner?"

At Piggly Wiggly, each item carries a suggestion label tells the story, the price is on the shelf. You are look around, think for yourself, pick up the package, decide on the grade that strikes your fancy. It's a pleasure shop at PIGGLY WIGGLY.

Flight Via Ten-Story Ledge Leads Back to Cell

Natali Carroli, 16 years of age, is back in the County Jail with a real hard-luck story. Carroli broke out of jail late Saturday night. His youthful enthusiasm fired by stories of prisoners walking down fire escapes, he escaped onto an outside ledge of the new Hall of Justice. The ledge is on the tenth floor.

## Taxicab Driver Asserts Fares Took His Cash

Ray Mong, a taxi driver, reported to police yesterday that two Mexicans who engaged his cab in South Spring street held him up at Third and Hope streets early yesterday morning and robbed him of his watch and \$25. Three bandits in a car forced J. D. Palmer of 234 South Hoover street into the car, and he was driving across the intersection of San Marino street and Vermont avenue yesterday morning and robbed him of \$250 and some valuable jewelry, according to the victim's report to police.

## Shooting Fray Follows Row in Pool Hall

Police yesterday were searching for Jose Fernandez, who is asserted to have shot Jesus Rodriguez of 413 Justitia street after an argument in a North Main-street pool hall. Fernandez had been playing pool with Rodriguez, according to Detective Lieutenants Shannon and Craig. The two players disagreed over the game and departed. Ernest Lucena, a friend of Rodriguez, walked home with him. A few minutes after they arrived there was a knock on the door. When Rodriguez opened the door Fernandez shot him twice, according to the police report.

# Railroads' Plan Traffic Relief

Having had the facts calmly and weighing itself unmistakably in the balance, the plan, as is indicated by the civic bodies and by the leading citizens.

## Some Representative Opinions

"Despite the fact that the Los Angeles Works is the owner of some seven miles of property in the vicinity of the Plan, I am in favor of the so-called Plan for a relief of traffic. In my opinion the plan put forth by the railroad is far superior from every standpoint to the plan of the city and should be adopted by the city and the city should be interested in the development of the plan of the railroad. It is the fact that the railroad promises to complete their plans within 18 months."

"In a terminal city such as this, the construction of terminals is unnecessary and I believe would prove a positive detriment. On the other hand, removal of the Pacific Electric from surface traffic, the end of the road plan, is a crying need and I should like to see it done as soon as possible."

"I can see no arguments in favor of the proposed erection of a union passenger station at the Plan. The more one considers it the more impossible it appears, and the construction of public convenience and service and the of the ever-present traffic situation, to proceed in this late day with the erection of a great railroad station away off in one corner of the city and in a most densely built and populated area, at that."

"Separation of the passenger traffic of the railroads rather than its concentration in one all seeking relief from congestion of the city and this could best be brought about by the railroads' plan."

"I believe that the railroads' plan, which will clear the business district of the city of the train, is in every way preferable to any other plan."

"I have given the matter of railroad terminals in Los Angeles close study for more than ten years. I have studied the reports of the engineers and other experts with most careful attention, and my conclusion is that the plan of the railroads, as opposed to the Plan for a relief of traffic, is the only logical one to be followed."

"The relief of traffic congestion is to be gained by the outstanding feature of any plan for a change in the location or arrangement of railroad terminals in Los Angeles. As the project put forth voluntarily by the railroads, it is the removal of the Pacific Electric from surface traffic from all the streets and from the street, I believe this alone should be the basis of any plan."

"The relief of traffic congestion is to be gained by the outstanding feature of any plan for a change in the location or arrangement of railroad terminals in Los Angeles. MAY ROBSON SHINES IN MA PETTINGILL ROLE

By Grace Kingsley  
You remember Ma Pettingill? She used to rule her cowboys by hurling epigrams at them and swearing a bit. The while she rolled her own. In the days when Harry Leon Wilson was her press-agent? This brilliant and forceful lady you will find reincarnated at the Mason in the person of May Robson, who opened last night at that house to a capacity audience in "Ma Pettingill."

I'm sure that nobody else in the world could quite do Ma Pettingill. I'd take my knitting and sit down and listen to her any time in preference to all these giddy, hifalutin' Charlestoning dames. Most of the epigrams glitter in the amusing lines of the comedy. It is a wholesome little play, too, and one must have been rather retreating after the deluge of sex plays we have been watching lately.

As usual, Miss Robson is the Miss Pettingill of the play, and the things that need saying are said. Including the marriage of her niece to a nice boy who is being drawn away by the siren of Greenwich Village who has seduced the old kind of girl who controls the water supply of the district. Clad in her golf breeches, Miss Robson as Ma Pettingill works like a Trojan in the interior of justice.

Talking to her niece, she says, "I can remember when we thought sex was just a dirty word, and I wouldn't have admitted having it any more than I would have admitted having legs." "Then it's just as if a man is capable of choosing for himself what woman he is going to marry."

And again—"I've didn't go a-scurrying all over Paradise looking for a woman on account of the ordinary. It was good sense, a little bit of the last refuge of the immediate woman. If a woman down there in South Africa, where they don't wear anything, should start out to be daring, what a hell of a time she would have."

She moved us, did Miss Robson, with her brave fight with fate and schemers, and she made us laugh at her triumphs. "I think that's what the theater is for," said a lady behind us, "just to make us laugh and cry and enjoy ourselves."

# Charming Scene in "Big Parade"

Claire Adams and John Gilbert. As they appear in a prewar sequence in King Vidor's masterpiece still drawing crowds at Grauman's Egyptian.

# HILLSTREET BILL SNAPPY

With the exception of dramatics, the Hillstreet Theater offers a little of everything, including a little too much acrobatics. This week, there are two gymnastic acts on the bill, which otherwise is well balanced and entertaining.

Kitty Doner has a well-staged act called "Twenty Minutes in Rome." She is a woman down there in South Africa, where they don't wear anything, should start out to be daring, what a hell of a time she would have."

William Brack and Company supply several thrills with their aerial feats. More acrobatics along the tumbling line are offered by Fortunello and Cirillina, billed as "clowns from Italy." Their tumbling is out of the ordinary, but the act moves too slowly.

An outstanding bit of entertainment is furnished by Joe Keno and Rosie Green, whose burlesque dances bring down the house. Their burlesque of the Apache dance is one of the best things on the program.

Allice Lloyd, English comedienne, revives her famous "Splash Me" song, and the audience likes it. Miss Lloyd sings half a dozen songs in as many costumes.

# HANSEN WINS NEW ADMIRERS IN L. A.

Looks Like a Greek Statue and Plays Like a Goddess; Unusual Numbers

By Isabel Morse Jones  
Cecilia Hansen, violinist, won a critical audience at her first Los Angeles concert last night. She played here with the Philharmonic Orchestra last year and it is a decided proof of her real worth that most of the string players of the orchestra were present last night in addition to practically every other violinist in town.

Her program was one to be proud of. There was no playing down to a new audience. She gave them the best and they appreciated the compliment. Seldom does a violinist create more enthusiasm than Miss Hansen did at the end of her program.

An old Ciceroan by Vitali was an abiding tone. It was reserved and very chaste. The Hansen tone is not large but it carries well and she uses the vibrato with taste and a rather unusual discrimination.

A masterly conception of the music was required for the success of a Bach sonata for violin alone. It is one of the most revealing tests. Most violinists made up of the Schumann accompaniment. Not so, this brave young woman. She is equipped for Bach sonatas. She revels in them. There is a deliberate and assured pose about this violinist with the Scandinavian ancestry that makes her playing authoritative. Her Bach is an achievement.

Familiar arrangements of Fritz Kreisler's took well. What did violinists do before Kreisler relieved the tension? Beethoven's "Rondino," the Gluck aria from "Euridyce" and the strenuous Fugue "Praeludium" made up the group. The Rondino was exquisite, but too, too careful. Euridyce's plaintive lament was beautifully phrased. The prelude and fugue displayed unusual power and breadth.

Probably the most interesting numbers on the program, at least to Los Angeles, were the Prokofiev pieces. He has said something new in these works and said it in a new way. The melody opens with a plucked introduction not unlike the balalaika. A lovely Russian theme enters early on, to be followed by a quick change into an oriental mood.

That rare, true maple goodness of "sugaring-off" days in Vermont awaits your appetite in every drop of **HIGHLAND PURE MAPLE SAP SYRUP**

THE childhood memories of many a fortunate being include "sugaring-off" days at some old-time sugar house deep in the snowy woods. Remember the true, full maple flavor which delighted you when bubbling syrup formed delicious candy on crisp white snow!

But the fact is that the genuine maple syrup, in all its rich goodness and purity—direct from Vermont—can be yours today! Naturally, there are only limited quantities of this 100% pure maple sap syrup. But to get the genuine, lovers of good things to eat in Los Angeles have only to say "Highland Brand" to grocers or delicatessen dealers.

The haunting, subtle flavor of Highland Pure Maple Sap Syrup will please your family on many occasions. Use it on hot cakes and waffles, in candying sweet potatoes and on grapefruit—in puddings, cakes, sauces, ices. You will be enjoying one of America's limited delicacies!

Send for free booklet, "Delicious Maple Recipes." The Cary Maple Sugar Co., St. Johnsbury, Vermont. Maple Center of the World.

**HIGHLAND**  
PURE MAPLE SAP SYRUP

Let this great Tonic build you up!

If your body is skinny and run-down, if you can't eat or sleep, have fits of nervousness, simply complexion, you need Tanlac to put some solid flesh on your starved bones and bring you back to health.

Tanlac is Nature's great tonic and builder. It is made, after the famous Tanlac formula, of roots, herbs and curative herbs gathered from the four corners of the globe.

Get a bottle of Tanlac at your druggist's today. Start the good work at once. You'll feel better right from the first. In a week's time you'll feel like a new person.

For Tanlac gets right down to the seat of trouble. It purifies the blood, aids digestion, helps the appetite, puts on pounds of flesh.

Millions of men and women who have been lifted right back to health and strength by the Tanlac treatment. Our files contain one hundred thousand glowing testimonials from grateful users.

Tanlac will help you just as it has helped millions of others. Buy a bottle at your drug store today and start the winning fight for prime, vigorous health. Don't put

Thanks Tanlac for Good Health

"Severe stomach pains worried me for over a year. One famous after eating. My kidneys, too, bothered me, and even bedridden. Thanks to Tanlac my appetite and digestion are O. K. and all pains have disappeared."

## CHAMBER WILL BANQUET TODAY

Large Group of Notables to Attend Annual Function

Millikan, Curtis, Fredericks on Speakers' List

Past and Present Presidents Will Discuss Activities

The annual banquet of the Chamber of Commerce will be given at 6:30 p.m. today at the Ambassador with the largest group of notables ever assembled here for a similar function in attendance.

Virtually every member of the present and past boards of directors also will be on hand. The program will open with a reception at 6:30 p.m. and a musical program by the Ambassador Symphony Orchestra. The banquet will begin at 7 p.m. with music furnished by the Henri Van Praag Orchestra. Addresses by a number of nationally known leaders and chamber executives and introduction of the noted guests present will conclude the program.

Among the speakers will be Dr. Robert A. Millikan, head of the California Institute of Technology, who will speak on "The Scientific Needs and Opportunities of the United States." Cyrus H. K. Curtis, newspaper and magazine publisher of Philadelphia; Congressman Fredericks, who will discuss legislative problems affecting Southern California; R. W. Pridham, who will discuss activities of the chamber during his presidency last year, and Arthur S. Bent, now president, who will discuss the current activities and future program of the organization.

The adjournment has been set for 10:30 p.m., and the addresses consequently will be brief.

## Six College Men to Get Posts in Service Company

Rating the University of Southern California electrical department among the best in the country, the General Electric Company has chosen six University of Southern California seniors to go to the plant at Schenectady, N. Y., to work on the design of a new type of electric motor.

Each year the General Electric Company absorbs about 400 electrical and mechanical engineers from approximately ninety universities and technical schools in the United States. The last year, 1933, the company's subsidiaries and its customers.

Mr. M. Boring, General Electric executive, says that the men were selected from the University of Southern California in proportion to the number interviewed there from any other college on the Pacific Coast.

## Schrock Signs Contract With Warner Studio

Raymond L. Schrock has signed a contract as an associate executive at Warner Brothers. It was announced yesterday by J. L. Warner, Schrock's former manager, where he was a general manager, became an associate of Joseph M. Schenck, and resigned this place to accept Warner Brothers' offer. He has been connected with the films since 1916, and in 1925 took charge of the Kalem studio in Glendale. A year later he became editor of the Universal picture department; from 1926 to 1928 he was a free lance, and from 1928 to 1929 was with William Fox. Two more years of free-lancing took him back to Universal and in 1932 he was made general manager.

Occidental College is emphasizing nursing as a field of service for women. It recently entered into an affiliation with the Good Samaritan Hospital by which students may obtain a college degree in the nursing profession.

## TEMPERANCE WORKERS IN ALL-DAY MEETING

An all-day institute in charge of State officers of the W.C.T.U. will be conducted at University Methodist Church today, beginning at 10:30 a.m. Members of all W.C.T.U.s of Los Angeles are invited. A "Plunket" dinner will be served at 12:30 p.m. A debate between "wet and dry" speakers will feature the afternoon program, and the evening "Budding's Trial" will be given.

## VOYAGERS RACE WOODEN NAGS

Sea Horses Cut from Blocks Center at Click of Dice for Amusement of World Travelers Aboard Dollar Liner; Chow Dog Adopts Angelino Girl as Trip Pal

The hop of the sea horses was discovered for the first time at the port yesterday when the Dollar around-the-world liner President Harrison, came in with a whole stable of the tiny wooden racers, the invention of Purser Frank Robinson. The daily horse race at 2 p.m. has been the highlight of each day during the world cruise, passengers declared. The nags, carved from wood in designs furnished by Chinese wood carvers at Shanghai, bear the names of famous turf stars including Nancy Hanks, Man-o-War, Princess Pat, Thunderbolt, Leapfrog Lena and Sparkplug. The game is conducted with the wooden horses and a pair of dice laid out on the deck. A throng of the dice advance the horse

## NICARAGUA CHIEF DUE TOMORROW

Latin Republic Head and Brig-Gen. Butler Coming on Delayed Liner Columbia

Delayed two days by heavy weather off the Central American and Mexican coasts, the Panama Mail liner Columbia will arrive at the port at daylight tomorrow morning from New York with 123 passengers, including Brig-Gen. Smedley D. Butler, United States Marine Corps, and President Solano of Nicaragua.

President Solano recently was expelled from Central America by revolutionists under Gen. Alfonso Chamorro and is coming here, it is understood, as a political refugee. Four of his daughters are in a convent at San Francisco. He may make his home in Los Angeles, it was said. The revolutionary government of Nicaragua is concerned, President Solano is said to be a regular election.

Gen. Butler, to be commander of the Marine Base at San Diego is coming to his first active duty since his two years as Director of Public Safety of Philadelphia. He is accompanied by Mrs. Butler and their three children, Miss Ethel and Masters Thomas and Smedley, Jr. Others of prominence include F. C. Berteau, Comptroller-General of the Quarantine Trust Company, New York, and Leon G. Gheff, retired after forty-three years' service as engineer with the New York City Department of Water Supply. He is accompanied by Mrs. Gheff and their two children, Miss Lenora and Leon, Jr.

## GIRL GETS MANN ACT TERM TODAY

Will be Sentenced After Pleading Guilty While Man Fights Charge

United States Judge Henning is scheduled this morning to sentence Genevieve Crowe, 19-year-old Butte (Mont.) girl, for conspiracy to violate the Mann White Slave Act, while Charles Inman, also of Butte, codefendant, will hear when he is to be placed on trial under the same charge.

The Crowe girl pleaded guilty several weeks ago to the accusation while her asserted companion in crime denied guilt and defied the law to convict him. "Should this man be freed after trial, this girl has placed herself in a position that is unique in court history," Judge Henning commented when Miss Crowe entered her plea. He intimated at the time that he would sentence her until the outcome of Inman's trial.

Inman is asserted to have wired Miss Crowe \$55 on September 17, 1933, to come to Los Angeles and received a telegram from the mother confirming receipt of the money and the fact that her daughter had departed for California. The couple were arrested at 740 West Pico street.

## Defective Gas Fixture Causes Sleeper's Death

John F. McShane, 50 years of age, was found dead in a gas-filled room in a rooming-house at 612 South Figueroa street yesterday. Death was accidental. Detective Lieutenants Jarvis and Craig reported. There is a combination electric-light and gas jet in the room, they said. The plug in the gas jet, they reported, evidently had become loosened and had blown out, the room being flooded with gas.

## NURSES' COURSE ADDED

Occidental College has added nursing as a field of service for women. It recently entered into an affiliation with the Good Samaritan Hospital by which students may obtain a college degree in the nursing profession.

Occidental College has held a similar affiliation with Pasadena Hospital for several years.

## Glendale Plans Easter Sunrise Choral Service

Responding to public appreciation shown by increasing attendance each year, arrangements are being made for an instrumental and vocal sunrise service on Easter morning in front of the Tower of Legends on the plateau on top of Mt. Forest Lawn, Glendale, by the management of Forest Lawn Memorial Park in close co-operation with the Community Service and the churches of Glendale and San Fernando Valley towns.

With very complete arrangements for the control of automobile and foot traffic, provision is being made for the seating of 15,000 people on this plateau to every part of which each word of the service will be clearly carried by amplifiers.

A chorus of 200 trained voices, supported by the Glendale Symphony Orchestra, under the direction of J. Arthur Myers, will furnish the instrumental and choral music. It is understood that Mrs. Constance Balfour will render a vocal solo. The service will be read by Van Dyke's Easter message, "The Open Air," and the Easter address will be delivered by Rev. W. W. Bustard, formerly pastor of the Cleveland Baptist Church.

## POOLS OF WATER UNDERMINE STREET

An example of standing water undermining street paving was brought to the attention of the Board of Public Works yesterday in a report transmitted by City Engineer Shaw to the department of Public Works and Building. The report stated that on account of the saturation of the territory the water had not drained away and that it had sunk into the subpavement and great holes had developed as the result of heavy traffic over the intersection. He reported that the holes will be mended and the improvement completed.

## NEW THEATER PLANS GALA PERFORMANCE

La Mirada, the newest theater of the Hollywood-Vine Theater Corporation, will open with a gala performance Thursday, Alice Calhoun, vice-president of the organization, announced yesterday. There will be a special program and film stars will attend. The theater is located at Vine and La Mirada streets. It seats 900 persons.

### UNIVERSITY AIDS SCHOOL OF RELIGION

U.S.C. Faculty Members  
in Directorate of Church  
Educational Organization

The Intercollegiate School of Religious Education and Social Service, affiliated with the United Board of Religious Education of Southern California, will open its first quarter today in First Methodist Church, Eighth and Hope streets, to continue until the middle of May.

The All-California Congress of Religious Education, with Dr. J. H. Montgomery of the University of Southern California, and Dr. J. L. Corley in places of leadership, has announced the united efforts of church, college and community directed toward a religious education in the form of courses in biblical history and literature, psychology and pedagogy, philosophy, history of religion, social service, research, projects and practicals.

On the advisory board, besides Dr. R. B. Von Klein Smid, president of the University of Southern California, are Prof. Bruce Baxter, director of social and religious interests; Prof. Carl Knopf, member of metropolitan college faculty; and Prof. Emory S. Bogardus, school of social welfare, all of University of Southern California.

### SIX HURT IN VICE SQUAD RAID FIGHT

Thirty-two Arrested as  
Officers Round-up Liquor  
and Gambling Suspects

A free-for-all fight in which six men required hospital attention featured raids by the vice division of the police department yesterday.

Thirty-two arrests were made in various sections of the city, ten being on liquor charges. Ten men were arrested on gambling charges at 833 1/2 North Olive street. Three men were arrested on race-track form chart charges on Spring street by Detectives Hoy and Bowers.

### CAPTURE OF TWO CAUSES EXCITEMENT

Women Suspected of Theft  
from Purse of Wealthy  
Visitor Taken in Chase

Broadway crowds between Eighth and Seventh streets were thrown into turmoil yesterday afternoon by a chase of two women by police and special officers of the Dry Goods Association.

The women were caught by Detective Lieutenants Bligh and Edwards and charged with grand larceny for the asserted abstraction of \$6 from the purse of Mrs. L. Sax of New York City.

Mrs. Sax is said to be financially interested in department stores of that city and to be studying the methods of stores here. She is shopping at the Gaylord Apartments, 2355 Wilshire Boulevard.

The women arrested gave their names as Mrs. Mary Bell, 45 years of age, and Miss Mary Davis. Police say they have been under surveillance for some time.

### Auto Collision Causes Riders Serious Injury

Two men were injured yesterday when automobiles driven by J. L. Sevora, 4216 Blanchard street, and Mrs. Tom Reed, wife of a film publicity director, 717 North Sierra Bonita street, collided at Third street and Highland avenue.

A. A. Cortez, 38 years of age, 411 Cleveland street, and Joe Medina, 34, of 2324 La Gracia street, both of whom were riding with Sevora, were taken to the Receiving Hospital. Medina suffered a possible skull fracture and Cortez scalp lacerations.

### Major, Recently Instructor Here, Dies in Syracuse

Maj. Robert Weeks, retired Regular Army officer who was in R.O.T.C. duty in the public schools of Los Angeles until recently, died suddenly at his home in Syracuse, N. Y., yesterday.

A few months ago Maj. Weeks was transferred to Syracuse there serving as he did in this city, in charge of R.O.T.C. units in the public schools.

Telegrams received here failed to disclose the cause of death, merely stating that Maj. Weeks passed away suddenly yesterday morning.

He leaves his widow, Mrs. Adelaide Weeks, and a son, Robert Weeks, Jr., who is studying law at Syracuse.

### PETITIONS REFERRED TO ENGINEER'S OFFICE

Petitions on a number of improvements were yesterday referred to the City Engineer for checking and report by the Council. These requested improvements include paving Cindley avenue between Sherman Way and Northford street, Estrada street between Lorena and Ezra streets, Dillon street between Bellevue avenue and Hoover street, and the opening, widening and extending of Beachwood drive to a uniform width of seventy feet from a point 400 feet north of Franklin avenue to Hollywood Boulevard.

## Birch-Smith Furniture Co

737 SO. HILL ST. Near 8th

## Continuing our Great February Furniture Sale!

New reductions are now included in this great storewide event—almost unheard-of values on choice heirloom pieces for every room. Finest qualities—deferred payments—no interest!

### Rugs Unusual Savings

Handsome creations from the world's most reputable weavers—taken from our regular stocks and much reduced!

### CHINESE RUGS

An especially proud display—hand-picked from the best the market affords.

Various sizes:  
\$28.75 to \$450

### WILTON RUGS

9x12 size  
reduced from  
\$140 to \$110

83x106 size  
\$87.50 to \$115

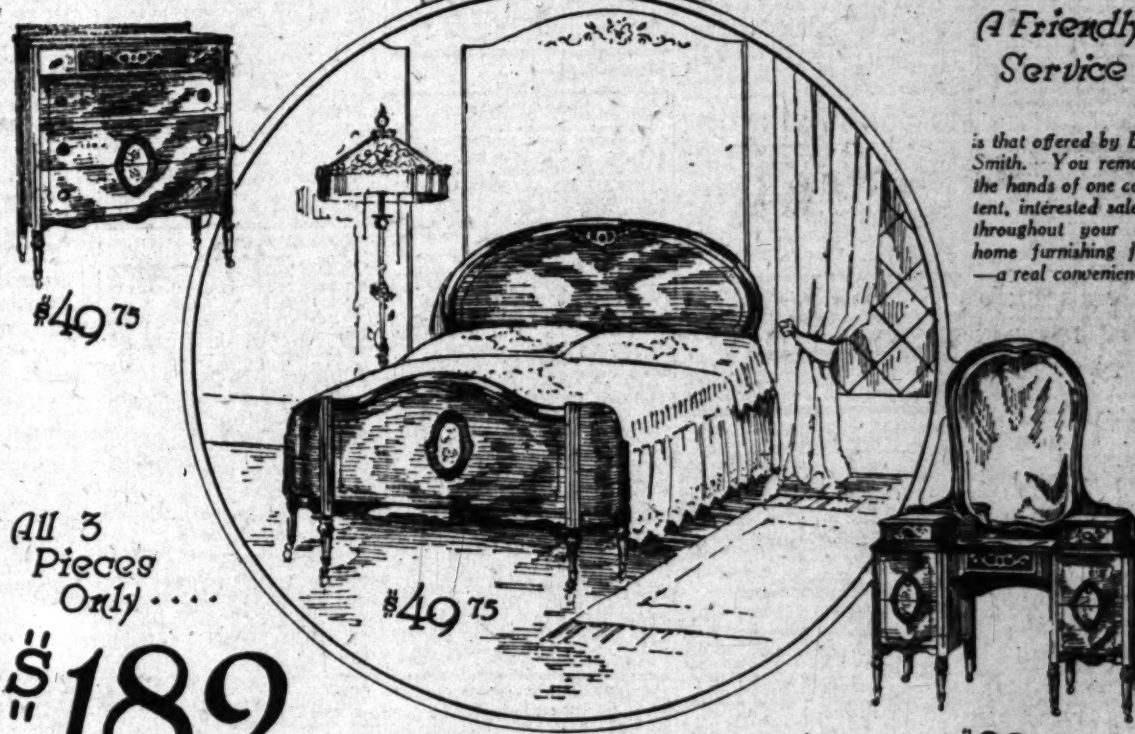

6x9 Wilton Rugs  
reduced from  
\$96.50 to \$72.50

9x12 Seamless  
Axminster Rugs  
\$36.75

### A Quarter Century of Integrity

behind every Birch-Smith transaction, large or small! Six big floors brimful with beautiful home-things! "Hand-picked" furnishings—reasonably priced!

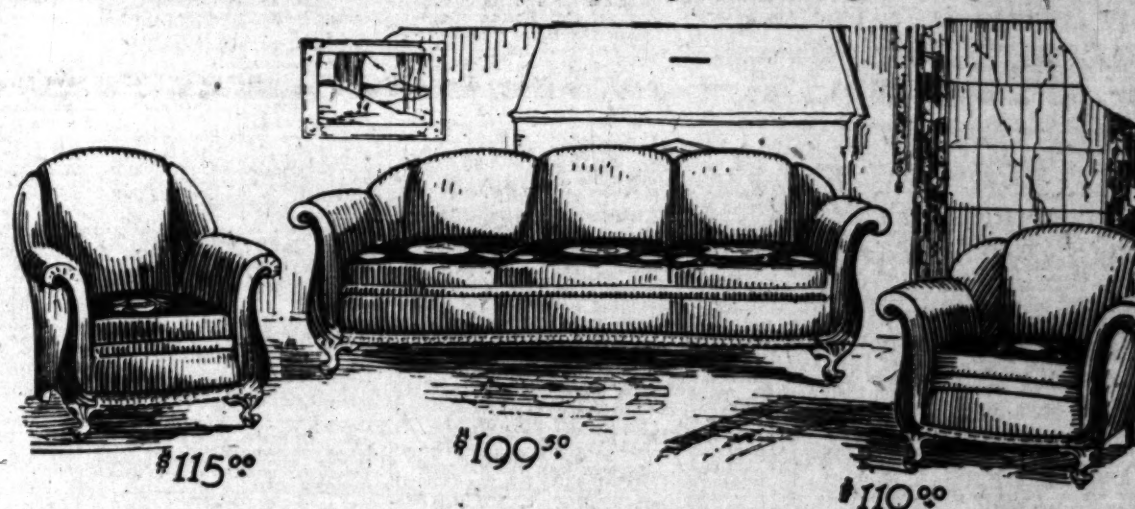

Deferred  
Payments  
No Interest!

\$42.50 cash . . . Balance in deferred payments, no interest!

### Charming... and much reduced!

The sort of set you've always wanted yet that you couldn't afford—now priced within the most modest means! Distinctive design, unique decorative treatment, clever wood-combination—American or French walnut with bird's-eye maple. A set to grace the proudest room!

### Luxuriously beautiful!

Yet reasonably priced... 3 pieces \$424.50

Not "cheap" furniture, but good furniture—the kind we take pride in selling! Thoroughly well made, truly comfortable. Rich moiré—Nachman construction, web bottoms, every advantage.

\$65 cash . . . . . Balance in deferred payments . . . . . No interest!

737 SO. HILL Street - Near 8th

Telephone: TRinity 4121

### Be Rid of Rectal Trouble

If you are suffering from hemorrhoids, internal itching, prolapsus, fistulas, ulcers, or other form of rectal trouble, it will be your duty to come to the Pacific Coast Proctology Clinic for FREE examination. You will be under no obligation unless you want to take your case.

### A Money-Back Guarantee

Our method of removing hemorrhoids is new—success of 100 per cent—no surgical. No anesthetics—no loss of time from work.

Drop in today, call VAndike 2583 for an appointment, or write for free booklet.

**Pacific Coast Proctology Clinic**  
1113-24-25 Low's Sales Building  
Los Angeles, California  
Hours: 10 A. M. to 5 P. M.  
Evening: 7:30 to 9:30  
By appointment

### PETITIONS REFERRED TO ENGINEER'S OFFICE

Petitions on a number of improvements were yesterday referred to the City Engineer for checking and report by the Council. These requested improvements include paving Cindley avenue between Sherman Way and Northford street, Estrada street between Lorena and Ezra streets, Dillon street between Bellevue avenue and Hoover street, and the opening, widening and extending of Beachwood drive to a uniform width of seventy feet from a point 400 feet north of Franklin avenue to Hollywood Boulevard.

### DIVIDE STREET COST

The Board of Public Works yesterday reported to the Council that an agreement had been made with the Board of Education whereby the board will share in the proportional cost of improving South street between Gaffey street and Myrtle street. The final ordinance has been published and the board will proceed to let bids.

**Southern California Gas Company**  
828 South Broadway  
VAndike 1431

### Growth and Stability

The growing importance of the gas industry is a fact worthy of serious consideration by conservative investors.

Careful analysis of this Company's economic position will show the unusual merit of its Preferred Stock and an investment for persons of limited means as well as those who wish to make larger investments.

Price, \$99, cash or convenient terms.

**Southern California Gas Company**  
828 South Broadway  
VAndike 1431

### Firm Gums Sound Teeth Clean Mouth

Have no fear of Pyorrhea! For a clean mouth, and firm gums, use Astringosol twice daily. Keep your gums and teeth sound; see your dentist twice a year. All druggists.

Sample free. Send this advertisement with your address to Dr. J. B. Williams & Company, Dental Clinic, 121 N. Broadway.
